PLUS PLUS Learn to Build Creatures Set

PLUS PLUS Learn to Build Creatures Set Instruction Manual

1. INTRODUCTION TO YOUR PLUS PLUS SET

The PLUS PLUS Learn to Build Creatures Set offers a unique building experience with its single-shape interlocking blocks. This set is designed to foster creativity, fine motor skills, and imaginative play, allowing for the construction of both flat mosaics and intricate 3D models. It is suitable for ages 5 and up.

What's Included:

- 240 colorful PLUS PLUS pieces
- 1 red chassis baseplate
- 4 wheels (2 Blue and 2 Red)
- 10 White hubs
- 1 Guide Book with step-by-step instructions for building 3 different creatures

2. SETUP AND INITIAL ASSEMBLY

To begin, unpack all components from the box. Familiarize yourself with the unique PLUS PLUS shape. Each piece is designed to interlock with others in various orientations, enabling diverse constructions.

Getting Started:

- Review the Guide Book:** The included guide book provides clear, step-by-step instructions for assembling the three featured creatures. It is recommended to start with these guided builds to understand the basic interlocking mechanics.
- Sort Pieces (Optional):** For easier building, you may choose to sort the colorful PLUS PLUS pieces by color.
- Attaching Wheels and Baseplate:** The red chassis baseplate and wheels are special components. The

wheels attach to the hubs, which then connect to the PLUS PLUS pieces, allowing for movable creations.

3. OPERATING AND CREATIVE PLAY

The core of PLUS PLUS play is its versatility. The single shape allows for endless possibilities, encouraging both structured building and free-form creativity.

Building Techniques:

- **2D Mosaics:** Lay pieces flat to create colorful two-dimensional designs and patterns.
- **3D Structures:** Stack and interlock pieces to build three-dimensional objects, figures, and creatures. The unique design allows for curves and complex shapes.
- **Utilizing Special Parts:** Integrate the baseplate, wheels, and hubs to add movement and stability to your

creations, such as vehicles or creatures with rolling parts.

Experiment with different connections and orientations to discover new ways to build. The set promotes STEM/STEAM learning by developing fine motor skills, logic, and spatial reasoning.

4. MAINTENANCE AND CARE

Proper care ensures the longevity and hygiene of your PLUS PLUS building blocks.

Cleaning Instructions:

- Wipe pieces with a damp cloth and mild soap if necessary.
- Rinse thoroughly with clean water.
- Allow all pieces to air dry completely before storing to prevent moisture damage.

Storage:

Store the PLUS PLUS pieces in a clean, dry container or the original packaging when not in use to prevent loss and keep them free from dust.

5. TROUBLESHOOTING

PLUS PLUS blocks are designed for simple and intuitive connection. If you encounter any difficulties, consider the following:

- **Pieces not connecting:** Ensure the pieces are aligned correctly. The 'plus' shape allows for connections on all sides and angles. Sometimes a slight twist or firm push is needed.
- **Structure instability:** For larger or taller structures, ensure a wide and stable base. Distribute weight evenly and reinforce connections where necessary.
- **Missing pieces:** While rare, if you believe pieces are missing from a new set, please contact customer support.
