

PHI VILLA B09Q2VNQYK

PHI VILLA Bathroom Medicine Cabinet with Mirror - User Manual

Model: B09Q2VNQYK

1. INTRODUCTION

Thank you for choosing the PHI VILLA Bathroom Medicine Cabinet. This wall-mounted cabinet with double mirrored doors is designed to provide both functional storage and a stylish aesthetic to your bathroom or other living spaces. Constructed from high-quality, moisture-resistant P2 MDF, it ensures durability and protection for your stored items. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting.

Product Features:

- **Moisture-Resistant Material:** Made from high-quality P2 MDF for durability in humid environments.
- **Sturdy Construction:** Enhanced stability with high-quality hardware and multiple reinforcement screws.
- **Double Mirrored Doors:** Provides a clear reflection for daily grooming and keeps contents dust-free.
- **Adjustable Internal Shelf:** Three adjustable height options for flexible storage of various item sizes.
- **Space-Saving Design:** Wall-mounted to maximize floor space, ideal for smaller rooms.
- **Multi-functional Use:** Suitable for bathrooms, living rooms, bedrooms, kitchens, or entryways.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the cabinet. The maximum load capacity is 45 lbs total, with 15 lbs per shelf.
- Install the cabinet on a sturdy wall capable of supporting its weight and the weight of its contents. Use appropriate wall anchors for your wall type (e.g., drywall, concrete).
- Avoid placing heavy or fragile items on the open bottom shelf where they could easily fall.
- Do not hang or climb on the cabinet.
- Handle mirrored doors with care to prevent breakage.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
A	Top Panel	1
B	Bottom Panel	1
C	Side Panels	2
D	Back Panel	1
E	Mirrored Doors	2
F	Adjustable Shelf	1
G	Open Shelf	1
H	Door Knobs (Silver Metal)	2
I	Door Magnets	2
J	Hinges	4
K	Screws & Wall Anchors	Assorted

Note: The actual number of screws and anchors may vary. Refer to the detailed instruction sheet included in the package for precise quantities and types.

4. SETUP AND ASSEMBLY

Assembly typically takes approximately 30 minutes. Two people are recommended for easier and safer installation. You will need a Phillips head screwdriver and a drill (for wall mounting).

4.1 Assembly Instructions

- Prepare the Workspace:** Clear a clean, flat, and spacious area for assembly. Lay down a soft cloth or cardboard to prevent scratching the cabinet parts.
- Attach Side Panels:** Connect the side panels (C) to the bottom panel (B) using the provided screws. Ensure they are aligned correctly.
- Install Back Panel:** Slide the back panel (D) into the grooves on the side and bottom panels. Secure it with small nails or screws as indicated in the detailed instructions.
- Attach Top Panel:** Secure the top panel (A) to the side panels (C) and back panel (D) using screws.
- Install Open Shelf:** Attach the open shelf (G) to the main cabinet structure using the designated fasteners.
- Attach Hinges:** Secure the hinges (J) to the mirrored doors (E) and then attach the doors to the main cabinet frame.
- Install Door Knobs and Magnets:** Attach the silver metal door knobs (H) to the mirrored doors. Install the door magnets (I) to the cabinet frame and doors to ensure secure closure.
- Insert Adjustable Shelf:** Place the adjustable shelf (F) inside the cabinet at your desired height. There are usually pre-drilled holes for three different height options.

4.2 Wall Mounting Instructions

1. **Choose Location:** Select a suitable wall location, ensuring it is free from electrical wires or plumbing. Consider the desired height for easy access.
2. **Mark Drilling Points:** Hold the assembled cabinet against the wall at the desired height. Use a pencil to mark the positions for the mounting screws. Use a level to ensure the marks are perfectly horizontal.
3. **Drill Pilot Holes:** Using a drill, create pilot holes at the marked positions. The drill bit size should match the recommended size for the wall anchors.
4. **Insert Wall Anchors:** Insert the appropriate wall anchors into the pilot holes. Tap gently with a hammer if necessary until they are flush with the wall surface.
5. **Mount the Cabinet:** Carefully lift the cabinet and align the mounting holes on the back of the cabinet with the drilled holes/anchors on the wall. Insert and tighten the mounting screws through the cabinet and into the wall anchors. Do not overtighten.
6. **Verify Stability:** Gently tug on the cabinet to ensure it is securely mounted and stable before placing items inside.

5. OPERATING INSTRUCTIONS

Using your PHI VILLA medicine cabinet is straightforward.

- **Opening/Closing Doors:** Gently pull the silver metal knobs to open the mirrored doors. Push the doors firmly to close them; the magnetic catches will hold them securely.
- **Adjusting Shelves:** To adjust the height of the internal shelf, carefully remove all items from the shelf. Lift the shelf out of its current position and re-insert it into the desired set of pre-drilled holes. Ensure the shelf is level and securely seated before placing items back on it.
- **Storage:** Utilize the enclosed compartments for items you wish to keep dust-free or out of sight. The open bottom shelf is suitable for frequently used items or decorative pieces.
- **Mirror Use:** The mirrored doors provide a convenient surface for daily grooming, makeup application, or shaving.

6. MAINTENANCE

Proper care will extend the life and appearance of your medicine cabinet.

- **Cleaning the Cabinet:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Cleaning the Mirrors:** Use a standard glass cleaner and a soft, lint-free cloth to clean the mirrored surfaces. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws, hinges, and door magnets to ensure they are tight and functioning correctly. Re-tighten any loose fasteners.
- **Moisture Control:** While the cabinet is moisture-resistant, avoid prolonged exposure to standing water or extreme humidity. Ensure proper ventilation in the bathroom.

7. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Cabinet feels wobbly after installation.	Mounting screws are loose or not properly secured to wall anchors.	Ensure all mounting screws are fully tightened. Verify that appropriate wall anchors were used for your wall type and installed correctly.

Problem	Possible Cause	Solution
Doors do not close properly or stay open.	Hinges are loose or misaligned; door magnets are not aligned or damaged.	Check and tighten hinge screws. Adjust hinges if necessary. Ensure door magnets are securely attached and aligned with their counterparts on the cabinet frame. Replace damaged magnets if needed.
Shelf is not level or falls out.	Shelf pins are not fully inserted or shelf is overloaded.	Ensure shelf pins are fully inserted into the pre-drilled holes. Do not exceed the 15 lbs weight limit per shelf.
Scratches or damage during assembly.	Lack of protective surface during assembly.	Always assemble on a soft, clean surface. For minor scratches, touch-up pens or furniture markers matching the coffee color may be used.

If the problem persists or is not listed here, please contact customer support for assistance.

8. SPECIFICATIONS

Feature	Detail
Brand	PHI VILLA
