DIWANGUS Foldable Racing Wheel Stand Instruction Manual

Model: B09Q5PGLD5

1. PRODUCT OVERVIEW

The DIWANGUS Foldable Racing Wheel Stand is designed to provide a stable and adjustable platform for your racing simulation equipment. Constructed from heavy-duty steel, it offers durability and compatibility with a wide range of steering wheels, pedals, and shifters. Its foldable design allows for convenient storage in small spaces.

Image 1.1: The DIWANGUS Racing Wheel Stand in its folded configuration, showcasing its compact design with attached racing peripherals.

Image 1.2: The racing wheel stand in an operational setup, demonstrating its use in a typical gaming environment.

2. SETUP AND ASSEMBLY

The DIWANGUS Racing Wheel Stand is designed for quick and straightforward assembly. Most components are pre-assembled. Follow these steps to prepare your stand for use.

2.1 Unpacking and Initial Inspection

- Carefully remove all components from the packaging.
- Verify that all parts and hardware are present according to the included parts list.
- Inspect all parts for any signs of damage. Contact customer support if any parts are missing or damaged.

2.2 Attaching the Shifter Holder

The shifter holder can be mounted on either the left or right side of the stand to suit your preference.

Image 2.1: Illustration of the adjustable bracket for the shifter holder, demonstrating left and right mounting options.

- Identify the adjustable bracket for the shifter holder.
- Secure the shifter holder to the main frame using the provided hardware, choosing your desired side.

2.3 Mounting Your Racing Peripherals

The stand features pre-drilled mounting holes for various popular racing setups. Ensure your wheel-base hole pattern matches the stand's design.

- Align your steering wheel, pedals, and shifter with the corresponding mounting plates on the stand.
- Use the appropriate screws and fasteners to secure your equipment firmly.
- For devices that use clamps, ensure they are securely fastened to the stand's plates.

3. OPERATING AND ADJUSTMENTS

The DIWANGUS Racing Wheel Stand offers multiple adjustment points to optimize your driving position for comfort and performance.

3.1 Height and Angle Adjustment

The steering wheel bracket and pedal deck can be adjusted in height and angle.

Product Details

Height and Tilt Angle of the Steering Wheel Bracket are Adjustable.

Adjustable Angle

Loosen the Nut and Adjust the Height Freely.

Adjustable Height

Height or Iron Plate can be Adjusted.

Adjustable Pedal

Adjustable Pedal Height.

Image 3.1: Overview of adjustable features including steering wheel bracket angle, height, and pedal height.

Freely Adjustable Height

The gear lever and bracket can be adjusted freely, so you can adjust the height to the position you need.

Image 3.2: Detail of the adjustment knob used to modify the height of the stand's components.

- **Steering Wheel Bracket:** Loosen the adjustment nuts on the side of the stand. Adjust the wheel plate to your desired height and tilt angle (up to 120 degrees). Tighten the nuts securely to lock the position.
- **Pedal Deck:** Adjust the angle of the pedal part to a comfortable position (up to 30 degrees) by loosening the relevant fasteners and re-tightening them once the desired angle is achieved.

3.2 Stability Features

The stand features a stable steel frame and anti-slip rubber feet to minimize movement during intense gameplay.

- Ensure the stand is placed on a flat, stable surface.
- Verify that all adjustment nuts and bolts are tightened before use to maintain rigidity.

4. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your racing wheel stand.

- **Cleaning:** Wipe down the stand with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Fastener Check:** Periodically check all nuts, bolts, and adjustment knobs to ensure they are securely tightened. Loose fasteners can affect stability and performance.
- **Storage:** When not in use, the stand can be folded for compact storage. Ensure all peripherals are removed or secured before folding.

Easy Storage

This wheel frame can be quickly folded and reduced to a surprisingly small size. You can easily place it under the sofa or in the corner of the wall.

Image 4.1: The racing wheel stand folded and stored under a sofa, illustrating its space-saving design.

5. TROUBLESHOOTING

If you encounter issues with your racing wheel stand, refer to the following common solutions.

- **Stand feels wobbly:** Ensure all assembly bolts and adjustment knobs are fully tightened. Verify the stand is on a level surface.
- **Difficulty adjusting height/angle:** Loosen the adjustment knobs sufficiently before attempting to reposition components. Do not force adjustments.
- **Peripherals not fitting:** Double-check the compatibility chart (Image 2.2) and your peripheral's mounting pattern. Ensure you are using the correct hardware for attachment.
- **Stand sliding during use:** Confirm the anti-slip rubber feet are intact and clean. Place the stand on a non-slip surface.

6. SPECIFICATIONS

Feature	Specification
Model Number	B09Q5PGLD5
Material	Heavy-duty Steel
Adjustable Height	Yes (Wheel plate: 52cm/20inch to 87cm/34inch)
Adjustable Pedal Angle	Yes
Shifter Mount	Left or Right side mounting
Foldable	Yes
Expanded Dimensions (Approx.)	44cm (W) x 57cm (L) x 87cm (H) / 17in (W) x 22in (L) x 34in (H)
Folded Dimensions (Approx.)	44cm (W) x 33cm (L) x 64cm (H) / 17in (W) x 13in (L) x 25in (H)
Product Weight	9.18 kg (20.24 lbs)
Manufacturer	DIWANGUS
Country of Origin	China

Product Size

Longest dimension of the frame and the shortest dimension of the frame when folded.

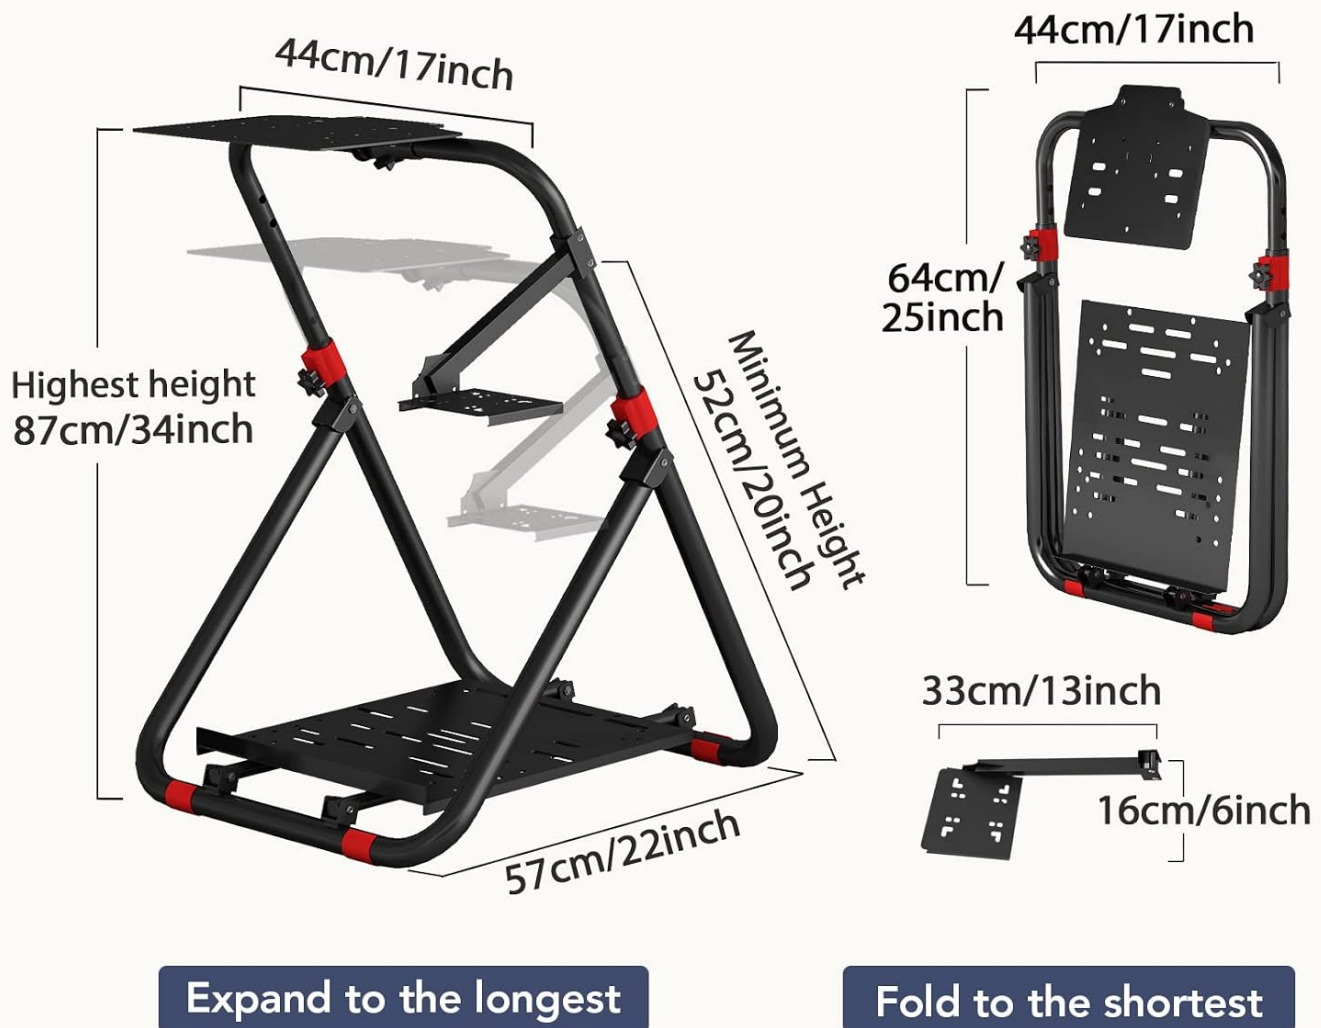

Image 6.1: Detailed product dimensions for both expanded and folded configurations.

7. WARRANTY AND SUPPORT

For warranty information, technical support, or any inquiries regarding your DIWANGUS Racing Wheel Stand, please contact the manufacturer directly through their official channels or the retailer where the product was purchased.

Please retain your proof of purchase for warranty claims.
