Chicco OneFit ClearTex All-in-One Car Seat Instruction Manual

Model: OneFit 08079741240070

INTRODUCTION

The Chicco OneFit ClearTex All-in-One Car Seat is designed to accommodate your child from infancy through booster stage, fitting various vehicle types and lifestyles. This car seat transitions seamlessly through three modes of use: rear-facing harness for infants (5-40 lbs.), forward-facing harness for toddlers (25-65 lbs.), and high-back booster for children (40-100 lbs.). The OneFit ClearTex model is GREENGUARD Gold Certified, ensuring low chemical emissions for improved air quality around your child.

KEY FEATURES

- **All-in-One Design:** Supports rear-facing, forward-facing, and booster modes for extended use.
- **Child Comfort:** Features extra rear-facing legroom and a removable infant head and body support insert for newborns weighing 5-11 lbs.
- **Adjustable Headrest:** Offers the widest range of 10-position headrest height adjustments to accommodate growth.
- **DuoGuard Protection:** Provides two layers of protection with a steel-reinforced frame and EPS energy-absorbing foam surrounding the head and torso.
- **ClearTex Materials:** Meets federal car safety flammability standards without the use of flame retardant chemical treatments. GREENGUARD Gold Certified for low chemical emissions.
- **Space-Saving Design:** Slim profile and two foldable, dishwasher-safe CupFolders optimize backseat space.
- **Easy Installation:** Equipped with premium LATCH connectors, a SuperCinch Force Multiplying LATCH Tightener,

RideRight Bubble Level-Indicators, and a 9-position ReclineSure Spring-Loaded Leveling Foot.

- **Secure Belt System:** LockSure Steel-Reinforced Seat Belt Locking System ensures secure installation using the vehicle seat belt.

SETUP AND INSTALLATION

Proper installation is crucial for child safety. The Chicco OneFit ClearTex car seat incorporates several features to simplify correct installation.

Using LATCH Connectors

For vehicles equipped with LATCH (Lower Anchors and Tethers for Children) systems, use the premium LATCH connectors. The SuperCinch Force Multiplying LATCH Tightener assists in achieving a secure and tight fit with minimal effort. Always refer to your vehicle's owner's manual for LATCH weight limits and specific anchor locations.

SuperCinch® Force-Multiplying LATCH Tightener

Using Vehicle Seat Belt

When installing with the vehicle's seat belt, utilize the LockSure Steel-Reinforced Seat Belt Locking System. This system features an easy thread belt path and built-in lock-offs to ensure a secure installation. Follow the belt path indicators on the car seat for correct routing.

LockSure® Steel-Reinforced Belt Locking System

Image: A hand guides the vehicle seat belt through the designated LockSure belt path for secure installation.

Leveling and Recline

The car seat features RideRight Bubble Level-Indicators to help achieve the correct angle for installation. The 9-position ReclineSure Spring-Loaded Leveling Foot allows for easy adjustment of the recline angle to ensure proper vehicle fit and child comfort in all modes.

9-Position ReclineSure™ Leveling System

OPERATING MODES

The Chicco OneFit ClearTex car seat adapts to your child's growth through three distinct modes:

1. Rear-Facing Harness Mode

This mode is suitable for infants weighing 5-40 lbs. and up to 43 inches tall. Ensure the car seat is installed at the correct recline angle using the ReclineSure system and RideRight level indicators. For newborns (5-11 lbs.), use the removable head and body support insert for proper fit and comfort.

ClearTex®
Flame Retardant-Free Materials

Image: An infant comfortably seated in the rear-facing car seat, demonstrating the extra legroom.

2. Forward-Facing Harness Mode

This mode is for toddlers weighing 25-65 lbs. and up to 49 inches tall. Adjust the 5-point harness and headrest to the appropriate height for your child. The Easy-Extend Headrest System allows the harness to adjust simultaneously with the headrest, simplifying fit adjustments.

Slim, Space-Saving Design

without compromising comfort

3. High-Back Booster Mode

This mode is for children weighing 40-100 lbs. and 38-57 inches tall. In booster mode, the car seat uses the vehicle's lap and shoulder belt to secure the child. Ensure the shoulder belt is positioned correctly across the child's shoulder and chest, and the lap belt is low on the hips.

Extra Rear-Facing Legroom

MAINTENANCE

Regular cleaning and maintenance help ensure the longevity and hygiene of your car seat.

- **Seat Pad:** The seat pad is machine washable. Refer to the care label on the fabric for specific washing instructions. Always allow the fabric to air dry completely before reattaching to the car seat.
- **CupFolders:** The two integrated CupFolders are dishwasher-safe for easy cleaning. They can be removed with a push-button mechanism.
- **Harness Straps:** Wipe harness straps with a damp cloth. Do not machine wash or submerge harness straps in water, as this can weaken the webbing.
- **Plastic and Metal Parts:** Wipe plastic and metal components with a mild soap and water solution.

Space-Saving CupFolders™

Dishwasher-safe + easy push-button removal

SAFETY FEATURES

The Chicco OneFit ClearTex car seat is engineered with advanced safety features to protect your child.

- **DuoGuard Head and Torso Protection:** This system integrates a steel-reinforced frame with EPS energy-absorbing foam to provide comprehensive protection for your child's head and torso in the event of a collision.
- **ClearTex Flame Retardant-Free Fabrics:** All softgoods that surround your child, including foam, inserts, comfort kits, and labels, are made from ClearTex materials. These materials meet federal car safety flammability standards without the addition of chemical flame retardants.
- **GREENGUARD Gold Certified:** The car seat is certified for low chemical emissions, contributing to healthier air quality within your vehicle.
- **5-Point Harness:** A secure 5-point harness system is used in both rear-facing and forward-facing modes to properly restrain your child.
