

MEDION MD88087

MEDION Gaming Bundle P81016 MD88087 User Manual

Model: MD88087 | Brand: MEDION

INTRODUCTION

Welcome to your MEDION Gaming Bundle P81016 MD88087. This comprehensive gaming set includes a high-quality keyboard, a precise gaming mouse, a comfortable headset, and a large mousepad, designed to enhance your gaming experience. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting.

The retail packaging for the MEDION Gaming Bundle, showcasing the keyboard, mouse, mousepad, and headset.

COMPONENTS OVERVIEW

Your MEDION Gaming Bundle includes the following components:

- Gaming Keyboard
- Gaming Mouse
- Gaming Headset
- Gaming Mousepad

An overhead view of the MEDION Gaming Bundle components, including the RGB keyboard, gaming mouse, headset, and large mousepad.

SETUP

Connecting the Keyboard

Connect the USB cable of the gaming keyboard to an available USB port on your computer. The keyboard will be automatically recognized by most operating systems.

The MEDION Gaming Keyboard with its USB cable, ready for connection. The image also shows the mouse, headset, and mousepad.

Connecting the Mouse

Plug the USB cable of the gaming mouse into another available USB port on your computer. The mouse is plug-and-play and requires no additional drivers.

Connecting the Headset

Connect the headset's 3.5mm audio jack(s) to the corresponding audio input/output ports on your computer. If your computer has separate ports for microphone and audio, use the appropriate splitters if necessary (not included).

Positioning the Mousepad

Place the large gaming mousepad on a flat, stable surface. Its anti-slip bottom ensures it stays in place during intense gaming sessions.

OPERATING INSTRUCTIONS

Gaming Keyboard

The keyboard features a high-quality design with 26 anti-ghosting keys for complex controls.

RGB Rainbow Backlighting

The keyboard offers 8 different RGB Rainbow backlight modes. Use the dedicated media keys or function key

combinations to cycle through modes and adjust brightness.

Media Control Buttons

Seven practical buttons are available for media control, allowing you to easily manage playback, volume, and mute functions.

Programmable Macro Buttons

Five programmable macro buttons allow for custom command sequences. Refer to the software (if applicable) or specific key combinations for programming instructions.

A detailed view of the MEDION Gaming Keyboard, highlighting its RGB rainbow backlighting and key layout. The mouse, headset, and mousepad are also visible.

Gaming Mouse

The mouse is equipped with 6 buttons and features colorful LED illumination.

DPI Adjustment

Adjust the mouse sensitivity (DPI) using the dedicated DPI button, typically located near the scroll wheel. This allows for quick changes between precise aiming and rapid movement.

Polling Rate

The mouse has a sampling frequency of up to 125 Hz, ensuring responsive tracking.

The MEDION Gaming Mouse positioned on the mousepad, showcasing its ergonomic design and blue LED accents.

Gaming Headset

The headset features 40mm speaker drivers for powerful bass and integrated LED illumination.

Microphone

The integrated microphone can be adjusted for optimal voice pickup.

Volume Control

Adjust the volume using the inline control or the volume wheel on the headset itself.

Gaming Mousepad

The large mousepad features a durable fabric surface for smooth mouse movement and an anti-slip bottom. It can be rolled up for easy transport.

The MEDION Gaming Mousepad, partially rolled up, demonstrating its flexible material and large surface area.

MAINTENANCE

Cleaning

To clean the keyboard, mouse, and headset, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the devices.

The mousepad can be wiped clean with a damp cloth. Allow all components to dry completely before use.

Storage

Store the gaming bundle in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Keyboard/Mouse Not Responding

- Ensure USB cables are securely connected to your computer.
- Try connecting to a different USB port.
- Restart your computer.
- Check device manager for driver issues (Windows) or System Information (Mac OS).

Headset No Sound/Microphone Not Working

- Verify the 3.5mm audio jacks are fully inserted into the correct ports.
- Check your computer's sound settings to ensure the headset is selected as the default playback and recording device.
- Ensure the volume control on the headset or inline control is not muted or set to minimum.

Backlighting Not Working (Keyboard/Mouse)

- Ensure the device is properly connected.
- Check if the backlighting has been turned off via a function key combination or software setting.
