TROUBLESHOOTING

If you encounter issues with your remote control, please refer to the following common solutions:

- **Remote Not Responding:**
  - Ensure batteries are inserted correctly with the proper polarity (+/-).
  - Replace old batteries with new AAA alkaline batteries.
  - Check for any obstructions between the remote control and the TV's infrared (IR) sensor.
  - Ensure you are within the effective range of the TV's IR receiver (typically within 20 feet and direct line of sight).

- **Specific Buttons Not Working:**
  - This remote is a direct replacement and does not require programming. If a specific button is not working, ensure it is a function supported by your specific TV model.
  - Clean the remote control surface, especially around the unresponsive button, to remove any debris that might be interfering with its operation.
