SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Always follow assembly instructions precisely.
- Keep fingers and other body parts clear of moving parts when converting the chair.
- Do not force the chair to fold or unfold if resistance is encountered. Inspect for obstructions.
- Ensure the chair is fully locked in the desired position (chair, lounger, or bed) before sitting or lying on it.
- The maximum weight capacity for this product is 440 lbs (200 kg). Do not exceed this limit.
- This product is intended for indoor use only.

PRODUCT OVERVIEW

The Polibi 3-in-1 Sofa Bed Chair is a versatile furniture piece designed to function as a comfortable chair, a relaxing lounger, and a single bed. Its convertible design makes it suitable for various living spaces.

Key Features

- **3-in-1 Functionality:** Easily converts between a sofa chair, lounger, and single bed.
- **Adjustable Backrest:** Features a backrest with multiple reclining positions for customized comfort.
- **Durable Construction:** Constructed with a sturdy metal frame and breathable linen fabric.
- **Easy Conversion:** Equipped with a pull-out mechanism and wheels for smooth transformation.

Product Dimensions

Refer to the diagram below for detailed dimensions.

SETUP

The Polibi 3-in-1 Sofa Bed Chair requires some assembly. Please ensure all components are present before beginning. Refer to the separate assembly instructions included in the packaging for detailed, step-by-step guidance.

Typically, assembly involves attaching the backrest and armrests to the main frame and ensuring the conversion mechanism operates smoothly. It is recommended to assemble the chair in the room where it will be used.

OPERATING INSTRUCTIONS

Converting from Chair to Lounger or Bed

1. **From Chair to Lounger:** Locate the handle on the front of the seat cushion. Gently pull the handle outwards. The hidden leg rest will slide out on its wheels, extending the seating area into a lounger.
2. **From Lounger to Bed:** Continue pulling the handle outwards until the entire bed frame is fully extended. The backrest can then be adjusted to a flat position to complete the bed conversion.
3. **From Bed/Lounger to Chair:** Reverse the process. Lift the backrest to the desired upright position, then push the extended section back into the chair base until it locks securely.

Adjusting the Backrest

The backrest offers multiple adjustable positions to suit your comfort needs:

- **Upright (approx. 105°):** Ideal for sitting and reading.
- **Reclined (approx. 145°):** Suitable for lounging or watching television.
- **Flat (180°):** For use as a single bed.

To adjust, gently push the backrest forward slightly, then recline it to the desired angle. It will click into place at each preset position.

MAINTENANCE

Cleaning the Fabric

- Regularly vacuum the fabric using an upholstery attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- For stubborn stains, use a mild fabric cleaner specifically designed for linen upholstery. Test on an inconspicuous area first.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the fabric.

Frame and Mechanism Care

- Periodically check all bolts and screws to ensure they are tight. Retighten as necessary.
- Keep the conversion mechanism free of dust and debris. A dry cloth can be used to wipe down metal parts.
- If the mechanism becomes stiff, a small amount of silicone-based lubricant can be applied to moving parts, avoiding contact with fabric.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Difficulty converting chair to bed/lounger	Obstruction in mechanism; loose parts; mechanism needs lubrication.	Check for objects blocking the pull-out section. Ensure all assembly bolts are tight. Apply silicone lubricant to moving parts if necessary.
Backrest does not stay in position	Mechanism not fully engaged; internal component issue.	Ensure the backrest clicks firmly into place at each angle. If the issue persists, contact customer support.
Unstable or wobbly chair	Loose assembly bolts; uneven floor.	Check and tighten all assembly bolts. Ensure the chair is placed on a flat, even surface.
Fabric appears worn or stained	Lack of regular cleaning; improper cleaning methods.	Follow recommended cleaning instructions. For significant wear, consider professional upholstery cleaning.
