## SENXIN K9 Type C

**SENXIN**

### Wireless Lapel Microphones User Manual

Model: K9 Type C

#### INTRODUCTION

Thank you for choosing the SENXIN Wireless Lapel Microphones. This plug-and-play system is designed to provide clear, high-quality audio for Android Type C devices, ideal for content creation such as YouTube videos, Facebook Live streams, TikToks, interviews, and vlogs. This manual will guide you through the setup, operation, and maintenance of your new wireless microphone system.

#### WHAT'S IN THE BOX

- Wireless Microphone Transmitter(s)
- Type-C Receiver
- Charging Cable
- User Manual (this document)

## PRODUCT OVERVIEW

The SENXIN Wireless Lapel Microphone system consists of a compact transmitter (microphone) and a receiver designed for Type-C ports. The microphone features a clip for easy attachment and an anti-spray sponge for clearer sound. The receiver ensures stable, barrier-free transmission.

# WIRELESS MICROPHONE

Lavalier

Fixed microphone / stable and reliable

Anti-spray sponge

High-density anti-spray sponge / clearer sound

receiver

Barrier-free transmission / stable reception

## SETUP INSTRUCTIONS

1. **Charge the Microphone:** Ensure the microphone transmitter is fully charged before first use. It has a built-in 60mAh rechargeable battery, providing approximately 4 hours of continuous use.
2. **Turn On Transmitters:** Long press the power button on each microphone transmitter to turn them on. The indicator light will

illuminate.

3. **Plug in Receiver:** Insert the Type-C receiver into your phone's charging port.
4. **Automatic Pairing:** The transmitters and receiver will automatically pair. The indicator light on the transmitters will be solid (not flashing) once successfully paired. You can now begin recording.

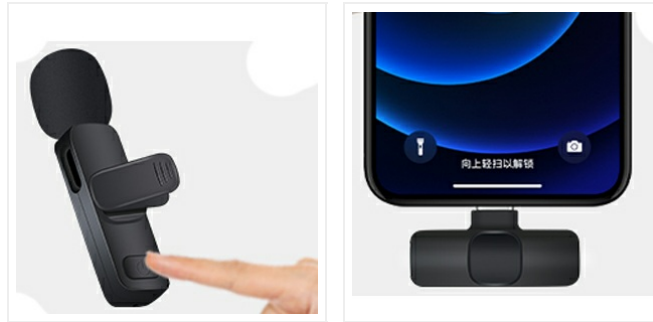

Image: Steps for turning on the microphone and connecting the receiver to a smartphone.

## OPERATING INSTRUCTIONS

Once paired, the microphone system is ready for use. Simply open your recording app or live streaming platform on your Android Type C device. The microphone will capture audio directly. This product is designed for live, video, or audio recording only and cannot be used for calls or FaceTime.

- **Placement:** Clip the lavalier microphone to your clothing, ideally near your mouth, for optimal sound capture.
- **Range:** The system offers a working distance of up to 20 meters (approximately 65 feet) in barrier-free environments.
- **Sound Pickup:** The microphone features 360° full-point pickup, ensuring every detail of sound is recorded.

**PLUG AND PLAY**

## MAINTENANCE

- **Cleaning:** Wipe the microphone and receiver with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, charge the microphone regularly and avoid fully discharging it for extended periods.
