5. SETUP AND INSTALLATION

The Fszdorj ceiling fan is designed for straightforward installation with pre-assembled components. Follow these steps for a secure setup:

1. **Preparation:** Before starting, ensure the power supply to the installation area is turned off at the main circuit breaker.
2. **Mounting Bracket Installation:** Secure the mounting bracket to a ceiling joist or an electrical outlet box rated for fan support. Use the provided screws and drywall anchors if necessary.
3. **Wiring:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in the included owner's manual. Ensure all connections are secure with wire nuts.

4. **Attach Fan to Bracket:** Carefully lift the fan unit and attach it to the installed mounting bracket. Ensure it is securely fastened.
5. **Final Check:** Double-check all connections and ensure the fan is firmly mounted. Restore power at the circuit breaker.

The fan comes largely pre-assembled, simplifying the installation process significantly.

6. OPERATING INSTRUCTIONS

Your Fszdorj ceiling fan can be controlled using the included remote control or the dedicated mobile application.

6.1 Remote Control Functions

The remote control provides comprehensive control over the fan and light features:

- **Power On/Off:** Turn the fan and light on or off.
- **Fan Speed Adjustment:** Select from 6 adjustable wind speeds to suit your comfort needs.
- **Light Brightness Adjustment:** Dimmable from 0% to 100%.
- **Color Temperature Adjustment:** Change the light color from warm (3000K) to neutral (4500K) to bright white (6000K).
- **Night Light Function:** Activate a separate, low-wattage night light.
- **Reversible Motor:** Switch between forward air flow (summer mode for cooling) and reverse air flow (winter mode for circulating warm air).
- **Timer Function:** Set the fan to turn off automatically after 1, 2, 4, or 8 hours.
- **Memory Function:** The fan remembers your last light and fan settings.

6.2 Mobile App Control

For extended control and smart features, download the companion mobile application. Scan the QR code on the remote control image (Figure 6.4) or visit <http://www.jasonghost.com/smartdevicecontrol/index-en.html> to download the 'ArgraceLight' app.

The app allows for:

- Remote control of all fan and light functions.
- Advanced settings not available on the remote.
- Device pairing and management.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** The enclosed design makes the fan easy to clean. Use a soft, damp cloth to wipe down the exterior. Do not use abrasive cleaners or solvents.
- **Blade Cleaning:** The fan blades are designed to be cleaned without disassembly.
- **Light Source:** The LED light source is integrated and not user-replaceable.

8. TROUBLESHOOTING

If you encounter issues with your Fszdorj ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not operate	No power supply	Check circuit breaker and wall switch.
Light does not turn on	Loose wiring or power issue	Ensure power is off, check wiring connections.
Remote control not working	Dead batteries or pairing issue	Replace batteries. Re-pair remote if necessary (refer to manual).
Fan wobbles	Loose mounting or unbalanced blades	Ensure mounting screws are tight. The anti-wobble mechanism should prevent this.
Fan is noisy	Loose screws or motor issue	Check all screws are tight. The DC motor is designed for quiet operation (<30dB).

For issues not listed here, or if troubleshooting does not resolve the problem, please contact customer support.
