PawHut D51-277

PawHut Large Chicken Coop Instruction Manual

Model: D51-277 | Brand: PawHut

INTRODUCTION

Thank you for choosing the PawHut Large Chicken Coop. This metal chicken run with a waterproof and anti-UV cover provides a spacious and secure environment for your poultry. Designed for outdoor and yard farm use, it features a sturdy galvanized steel frame and a convenient walk-in design. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

SAFETY INSTRUCTIONS

Always follow these safety guidelines to prevent injury or damage:

- Ensure all components are securely fastened before placing animals inside.
- Regularly inspect the coop for any signs of wear, damage, or loose parts.
- Do not allow children to play unsupervised near or inside the coop.
- Position the coop on a level, stable surface to prevent tipping.
- In extreme weather conditions (heavy snow, strong winds), consider removing the roof cover or reinforcing the structure to prevent damage.
- This product is intended for outdoor use only.

WARNING: This product contains materials known to the State of California to cause cancer and birth defects or other reproductive harm (Proposition 65 warning).

PACKAGE CONTENTS

Verify that all parts are present and undamaged before beginning assembly:

- Galvanized Steel Pipes (various lengths and shapes for frame)
- Hexagonal Wire Mesh (chicken wire)
- Waterproof and Anti-UV Roof Cover (Oxford cloth)
- Lockable Door Assembly
- Spring Button Clips (for roof attachment)
- Fixing Feet / Ground Nails
- Zip Ties (for securing mesh)
- Assembly Hardware (bolts, nuts, etc.)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly typically requires two people and takes approximately 1.5 hours. Follow the numbered steps in your included paper manual for detailed diagrams.

Key Assembly Points:

- **Frame Assembly:** Connect the galvanized steel pipes using the provided hardware. The pipes feature a simple pop-together design for easy assembly.
- **Pipe Connections:** Ensure all pipe connections are secure. The design allows for sturdy joints.
- **Mesh Installation:** Attach the hexagonal wire mesh to the frame using the included zip ties. Ensure the mesh is taut and covers all open areas to prevent escape or intrusion.
- **Door Installation:** Install the lockable door assembly as per the instructions. Ensure it opens and closes smoothly and the latch functions correctly.
- **Roof Cover:** Secure the waterproof and anti-UV roof cover using the spring button clips. Position it to provide maximum shade and rain protection.
- **Ground Anchoring:** Use the fixing feet and ground nails to firmly anchor the coop to the ground. This is crucial for stability, especially in windy conditions.

OPERATING INSTRUCTIONS

The PawHut Chicken Coop is designed for ease of use and animal comfort.

- **Animal Placement:** This coop is suitable for 4-6 chickens, rabbits (if reinforced for digging), ducks, geese, and other small animals. Ensure the number of animals is appropriate for the space provided to prevent overcrowding.
- **Walk-in Access:** The walk-in height allows for comfortable entry and exit for caregivers. Use the lockable door to secure the enclosure when not in use.
- **Integration with Coops:** The run can be attached to a wooden coop or hen house to provide an upgraded, larger sheltered area for your animals.

Floor Space

MAINTENANCE

Regular maintenance will extend the lifespan of your chicken coop:

- **Cleaning:** Periodically clean the interior of the coop to maintain a hygienic environment for your animals.
- **Mesh Inspection:** Check the hexagonal wire mesh regularly for any tears, holes, or loose sections. Repair or reinforce as needed to maintain security.
- **Frame Integrity:** Inspect the galvanized steel frame for any signs of rust, bending, or loose connections. Tighten bolts and replace damaged parts if necessary.
- **Roof Cover Care:** The Oxford cloth roof is waterproof and UV resistant. Clean it periodically to remove debris. In heavy snowfall or high winds, it is recommended to remove the tarp to prevent damage to the cover and frame.
- **Ground Anchors:** Ensure the ground nails remain firmly in place, especially after heavy rains or strong winds.

RESIST SUN AND RAIN

Keep your pet dry and shaded

- Plastic cover for all weather conditions

TROUBLESHOOTING

Common issues and their potential solutions:

- **Coop Instability:** Ensure all ground nails are fully inserted and the frame connections are tight. Relocate to a more level surface if necessary.
- **Mesh Damage:** Small tears can be repaired with additional wire or heavy-duty zip ties. For larger damage, consider replacing sections of the mesh.
- **Water Accumulation on Roof:** Ensure the roof cover is taut and properly angled to allow water runoff. In heavy rain, check for pooling and adjust if needed.
- **Difficulty with Door Latch:** Check for obstructions or misalignment. Lubricate moving parts if necessary.
- **Animals Escaping:** Inspect the entire perimeter, including the ground level, for gaps. Reinforce with additional mesh or bury the bottom edge of the mesh if animals are digging out.

SPECIFICATIONS

Overall Dimensions	118.1"L x 78.7"W x 78.7"H (9.8' L x 6.6' W x 6.6' H)
Item Weight	51 Pounds
Tube Diameter	1" (Galvanized Steel Pipe)
Material	Alloy Steel (Frame), Oxford Cloth (Cover)
Color	Silver (Frame), Grey (Cover)
Target Audience	Small-animal-pets (Chickens, Ducks, Geese, Rabbits)
Included Components	Cover, Door
