

AMBITFUL Softbox Honeycomb Grid

AMBITFUL LED Video Light Softbox with Honeycomb Grid

Model: Softbox Honeycomb Grid

Brand: AMBITFUL

INTRODUCTION

The AMBITFUL LED Video Light Softbox with Honeycomb Grid is designed to modify and diffuse light from compatible LED video light panels. It provides soft, flat lighting and helps control light spill, making it suitable for various photography and videography applications. This manual provides instructions for proper setup, operation, and maintenance.

PRODUCT LIST

Please verify that all items listed below are included in your package:

- Softbox x1
- Soft light cloth x1
- Honeycomb Grid x1
- Storage bag x1

Image: Contents of the AMBITFUL LED Video Light Softbox package, including the softbox, soft light cloth, honeycomb grid, and storage bag.

SETUP INSTRUCTIONS

Follow these steps to assemble and attach the softbox to your LED panel light:

1. **Shape the Softbox:** First, unfold and shape the softbox using its internal structure and Velcro edges.
2. **Attach to LED Light:** Securely attach the softbox to your compatible LED light panel using the integrated Velcro strips. Ensure a snug fit to prevent light leakage.
3. **Install Soft Light Cloth:** Place the soft light cloth inside the softbox and attach it using its Velcro fasteners. This diffuses the light for a softer output.
4. **Install Honeycomb Grid:** Finally, attach the honeycomb grid to the front of the softbox using its Velcro. This helps control the beam angle and reduce light spill.

OPERATING INSTRUCTIONS

The AMBITFUL LED Video Light Softbox enhances your lighting setup in several ways:

- **Soft & Flat Lighting:** This square softbox is compatible with AMBITFUL P60C and P35R LED video light panels. It is ideal for creating soft, even illumination for portraits, product photography, beauty shoots, weddings, and video content.
- **Controlled Light Spill:** With the honeycomb grid attached, the beam angle is approximately 45°, providing more directional light. The softbox's blackout fabric effectively seals the light panel, preventing unwanted light leakage and ensuring precise light control.
- **Enhanced Diffusion:** The softbox features a grid pattern reflective fabric that ensures light is evenly diffused. The honeycomb grid further refines the light, allowing for dramatic effects in various photography styles.

SPECIFICATIONS

Product Dimensions	5.51 x 11.61 x 13.98 inches (35.5 x 29.5 x 12 cm)
Item Weight	1.3 pounds (500g)
Material	Nylon
Style	Honeycomb grid softbox

Image: A diagram illustrating the dimensions of the softbox: 35.5cm width, 29.5cm height, and 12cm depth, with a weight of approximately 0.5kg.

Image: A diagram showing the compatible LED panel dimensions: 27cm width and 23cm height, with the softbox attached.

TROUBLESHOOTING

- **Softbox not attaching securely:** Ensure all Velcro strips are clean and properly aligned with the corresponding fasteners on your LED panel. Press firmly along all edges to create a secure connection.
- **Excessive light spill:** Verify that the honeycomb grid is correctly installed and fully covers the front opening of the softbox. Ensure the blackout fabric of the softbox is properly extended and sealed around the light panel.
- **Light output too harsh:** Confirm that the soft light cloth is installed inside the softbox. If it is, consider adjusting the power output of your LED light panel to a lower setting.

MAINTENANCE

- **Cleaning:** To clean the softbox and its components, gently wipe with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the fabric or reflective surfaces.

- **Storage:** When not in use, fold the softbox and store it in the provided carrying bag. This protects the material from dust, dirt, and potential damage, extending its lifespan.
- **Inspection:** Periodically inspect the Velcro fasteners and fabric for any signs of wear or damage. Address any issues promptly to maintain optimal performance.

WARRANTY AND SUPPORT

For detailed warranty information, product registration, or technical assistance, please visit the official AMBITFUL website or contact their customer support team directly. Keep your purchase receipt as proof of purchase for any warranty claims.
