SETUP

1. **Unboxing:** Carefully remove the My Partner Pikachu figure from its packaging. Ensure all packaging materials are discarded safely.
2. **No Assembly Required:** This figure comes pre-assembled and ready for play. No additional assembly steps are needed.
3. **Power Source:** The My Partner Pikachu figure is powered by an internal battery and does not require external batteries or charging for initial use.
4. **Initial Activation:** Locate the power switch, typically on the back or bottom of the figure. Switch it to the "ON" position to activate the figure.

OPERATING INSTRUCTIONS

The My Partner Pikachu figure is designed for interactive play with automatic operation. It responds to interaction with various sounds, movements, and light effects.

- **Interactive Audio:** Pikachu will emit various sounds and phrases, mimicking its iconic voice from the

Pokémon series.

- **Articulated Movement:** The figure features articulated arms and legs, allowing for dynamic poses and movements during play.
- **Light-Up Features:** Pikachu's cheeks and tail will light up, enhancing the interactive experience and visual appeal.
- **Engagement:** Gently interact with the figure by touching or moving it to trigger different responses. Experiment with various interactions to discover all of Pikachu's reactions.

MAINTENANCE

- **Cleaning:** To clean the figure, gently wipe it with a soft, slightly damp cloth. Do not use harsh chemicals, abrasive cleaners, or immerse the figure in water.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures to prevent damage.
- **Battery Care:** As the figure uses an internal battery, avoid attempting to open the figure or replace the battery yourself, as this may damage the product and void any warranty.

TROUBLESHOOTING

If your My Partner Pikachu figure is not functioning as expected, please refer to the following common issues and solutions:

- **No Sound or Movement:**
 - Ensure the power switch is in the "ON" position.
 - Gently tap or shake the figure to see if it responds.
 - If the figure has been stored for a long time, the internal battery may be depleted. Allow some time for it to potentially recover or consider contacting support if it remains unresponsive.
- **Lights Not Working:**
 - Verify the power switch is "ON".
 - Ensure the figure is being interacted with, as lights may only activate during specific actions.

If problems persist, please contact the manufacturer's customer support.
