Hagaday 2-in-1 Reversible Toddler Seat with Bassinet Mode, Foldable Infant Stroller with Canopy, One Button Brake, Adjustable Ha

Hagaday 2-in-1 Reversible Baby Stroller Instruction Manual

IMPORTANT SAFETY INFORMATION

Read all instructions before assembly and use of the stroller. Keep this manual for future reference. Failure to follow these instructions could result in serious injury or death.

- Always use the 5-point harness to secure your child.
- Never leave your child unattended in the stroller.
- Ensure the stroller is fully open and locked before placing a child inside.
- Do not overload the storage basket; maximum weight capacity is 6.6 pounds.
- The maximum weight recommendation for the child is 40 pounds.
- Engage the brake when parking the stroller.
- Avoid placing hot liquids in the cup holder to prevent spills and burns.
- Do not use the stroller on stairs or escalators.

PRODUCT OVERVIEW

The Hagaday 2-in-1 Reversible Baby Stroller is designed for versatility and comfort, adapting from a bassinet mode for newborns to a seated mode for toddlers. Its reversible design allows your child to face you or the world. Constructed with a high-purity aluminum alloy frame and high-density breathable linen material, it offers durability and comfort. The stroller features all-terrain PU tires with shock absorption, a one-foot brake, an adjustable handle, and a UPF50+ adjustable canopy.

4 Ways To Ride

Figure 1: The stroller offers four versatile riding positions: bassinet, semi-reclining, seated, and parent-facing.

COMPONENTS

Familiarize yourself with the main components of your Hagaday stroller:

- **Frame:** The main aluminum alloy structure of the stroller.
- **Bassinet/Seat Unit:** The convertible component that serves as both a bassinet and a toddler seat.
- **Canopy:** The adjustable sunshade with UPF50+ protection.
- **Front Wheels:** Swivel wheels with shock absorption.
- **Rear Wheels:** Larger wheels with a one-foot brake system.
- **Handlebar:** Adjustable for height.
- **Armrest:** Removable bar for child safety.
- **Storage Basket:** Located under the seat for essentials.
- **Foot Cover:** Provides warmth in colder weather.
- **Mosquito Net:** Protects your child from insects.
- **Cup Holder:** Attaches to the handlebar for beverages.

Product Size

SETUP AND ASSEMBLY

Follow these steps to assemble your Hagaday Baby Stroller:

1. **Unfold the Frame:** Release the locking mechanism and pull the handlebar upwards until the frame clicks into place.
2. **Attach Rear Wheels:** Insert the rear wheels into the designated slots on the frame until they click securely.
3. **Attach Front Wheels:** Insert the front wheels into the front leg tubes until they click securely.
4. **Install Bassinet/Seat Unit:** Align the bassinet/seat unit with the connectors on the frame and press down until it locks into place. Ensure it is securely attached.
5. **Attach Canopy:** Secure the canopy to the bassinet/seat unit using the provided attachment points and zippers.
6. **Mount Armrest:** Attach the armrest to the front of the bassinet/seat unit.
7. **Attach Cup Holder:** Clip the cup holder onto the side of the handlebar.

Video 1: This video demonstrates the assembly process of the Hagaday Baby Stroller, including unfolding the frame, attaching wheels, and installing the bassinet/seat unit.

OPERATING INSTRUCTIONS

Converting Between Bassinet and Seated Mode

The 2-in-1 unit can be adjusted to suit your child's age and needs:

- For bassinet mode (newborns): Ensure the backrest is fully reclined to a flat position (180 degrees).
- For seated mode (toddlers): Adjust the backrest to an upright or semi-reclined position (100 or 145 degrees) using the strap mechanism at the back of the seat unit.

Ergonomic Seat

Offering a multi-position that ensures your baby's comfort as they grow, whether napping or exploring.

Figure 3: The ergonomic seat offers multiple recline positions for your child's comfort.

Reversing the Seat Direction

To change the direction the seat faces:

1. Locate the release buttons on both sides of the seat unit, near the frame attachment points.
2. Press these buttons simultaneously and lift the seat unit off the frame.
3. Rotate the seat unit 180 degrees and re-attach it to the frame, ensuring it clicks securely into place.

Adjusting the Handlebar

The handlebar can be adjusted to four different heights:

- Press the buttons on either side of the handlebar.
- Move the handlebar up or down to your desired height.
- Release the buttons to lock the handlebar in position.

Using the One-Foot Brake

To engage the brake, press down on the red pedal located near the rear wheels. To release, lift the pedal upwards. Always ensure the brake is fully engaged when the stroller is stationary.

One-Foot Brake

Convenient and stable parking

Single-foot brake for quick stops.

Figure 4: The one-foot brake provides convenient and stable parking.

Securing the 5-Point Harness

Always secure your child with the 5-point harness:

1. Place your child in the seat.

2. Bring the shoulder straps over your child's shoulders and the waist straps around their waist.
3. Connect the shoulder and waist buckles to the central buckle.
4. Adjust the straps to ensure a snug but comfortable fit.

5-Point Safety Harness

keep the baby secure in
different conditions.

Figure 5: The 5-point safety harness keeps your baby secure in various conditions.

Folding and Storing the Stroller

To fold the stroller for storage or transport:

1. Ensure the seat is in the forward-facing position and fully upright.
2. Locate the folding buttons/levers on the handlebar or frame (refer to the assembly video for exact locations).
3. Follow the specific folding sequence to collapse the stroller. It is designed for easy, compact folding.
4. Once folded, ensure any locking mechanisms engage to keep it compact.

Easy To Collapse And Store

Figure 6: The stroller is designed for easy collapse and storage, becoming compact for transport.

MAINTENANCE

Regular maintenance ensures the longevity and safety of your stroller:

- **Cleaning Fabric:** The high-density breathable linen material can be spot cleaned with mild soap and water. Allow to air dry completely. Do not use harsh chemicals.
- **Cleaning Frame:** Wipe the aluminum alloy frame with a soft, damp cloth. Dry thoroughly to prevent rust.
- **Wheel Maintenance:** Regularly check wheels for debris (e.g., hair, string) and remove them. Lubricate moving parts of the wheels and axles periodically with a silicone-based lubricant.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight to prevent material degradation.
- **Inspections:** Periodically check all fasteners, rivets, and locking mechanisms to ensure they are secure and functioning correctly. Replace any worn or damaged parts immediately.

TROUBLESHOOTING

If you encounter issues with your stroller, refer to the following common problems and solutions:

- **Stroller does not unfold/fold easily:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding joints. Apply light lubricant to moving parts if necessary.
- **Wheels are stiff or squeaky:** Clean any debris from the wheel axles. Apply a silicone-based lubricant to the wheel bearings.
- **Brake not engaging/disengaging:** Check for obstructions around the brake mechanism. Ensure the brake pedal is fully pressed or lifted.
- **Seat unit not attaching securely:** Ensure the seat unit is correctly aligned with the frame connectors. Press firmly until you hear a click, indicating it is locked.

If problems persist, contact Hagaday customer support for assistance.

SPECIFICATIONS

Feature	Specification
Brand	Hagaday
Color	Black
Material	High-density breathable linen material and aluminum
Frame Material	Aluminum
Age Range (Description)	Baby
UPC	825665251129
