# 5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your vidaXL Industrial Style TV Stand.

- **Cleaning:** Wipe the steel surfaces with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by drying with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals, as they can damage the finish.
- **Dusting:** Regularly dust with a dry, soft cloth to prevent buildup.
- **Spills:** Clean up spills immediately to prevent staining or damage to the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid placing the TV stand in direct sunlight or near heat sources, which can affect the material over time.

## 6. TROUBLESHOOTING

If you encounter any issues with your TV stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Uneven floor; loose connections.	Adjust the leveling feet on the bottom of the legs. Check and tighten all assembly screws.
Doors do not close properly or are misaligned.	Hinges are loose or improperly adjusted.	Check hinge screws and tighten. Adjust hinge screws to align doors.
Difficulty routing cables.	Cables are too thick or numerous for existing holes.	Ensure cables are bundled neatly. Use cable ties to manage excess length.
Scratches on the surface.	Rough handling or abrasive cleaning.	Use a soft cloth for cleaning. For minor scratches, consider a touch-up paint pen suitable for metal.
