Betterhood Large Metal Chicken Coop Instruction Manual

Model: 476363352

INTRODUCTION

Thank you for choosing the Betterhood Large Metal Chicken Coop. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new chicken coop. Please read all instructions carefully before beginning assembly or use.

This heavy-duty metal coop is designed to provide a secure and spacious environment for various small to medium-sized animals, including chickens, ducks, rabbits, cats, dogs, sheep, and birds. Its robust steel frame, hexagonal wire mesh, and waterproof, anti-UV cover ensure durability and protection against elements and predators.

SAFETY INFORMATION

- Always wear appropriate safety gear, such as gloves, during assembly to prevent injuries.
- Ensure all components are securely fastened before placing animals inside the coop.
- Do not modify the structure of the coop, as this may compromise its stability and safety.
- Regularly inspect the coop for any signs of wear, damage, or loose connections.
- Position the coop on level ground to ensure stability.

COMPONENTS OVERVIEW

Please verify that all components are present and undamaged before starting assembly. Refer to the packing list included with your product for a detailed inventory.

SETUP AND ASSEMBLY

The Betterhood chicken coop is designed for straightforward installation. Follow the steps below and refer to the detailed instruction manual provided in the packaging for specific diagrams and part numbers.

- 1. Prepare the Site:** Choose a level, stable area for the coop. Ensure adequate drainage and protection from strong winds.
- 2. Assemble the Frame:** Connect the steel frame poles according to the provided diagrams. Pay attention to the improved pole connections for enhanced stability.
- 3. Install Wire Mesh:** Attach the hexagonal wire mesh to the assembled frame. Ensure the mesh is taut and securely fastened to prevent animals from escaping and to deter predators. The small gaps in the mesh provide added safety.
- 4. Attach Waterproof Cover:** Secure the 240D Oxford Cloth canopy to the top of the frame. This cover is designed to repel water and provide UV protection.
- 5. Secure the Coop:** Utilize the additional support round spacers and ground anchors (if applicable) to firmly secure the coop to the ground, enhancing wind resistance and vibration prevention.

OPERATING INSTRUCTIONS

The Betterhood Metal Chicken Coop provides a large, secure space for various animals. Once assembled, it requires minimal daily operation.

- **Animal Placement:** This coop is suitable for chickens, ducks, rabbits, cats, dogs, sheep, birds, and land turtles. Ensure the number of animals is appropriate for the coop's size to allow sufficient room for play and rest.
- **Access:** Use the integrated door for easy access to the coop for feeding, cleaning, and animal management.
- **Ventilation:** The wire mesh design ensures adequate ventilation, promoting a healthy habitat for your animals.
- **Protection:** The waterproof and anti-UV cover provides shelter from sun and rain, while the secure mesh protects

against predators.

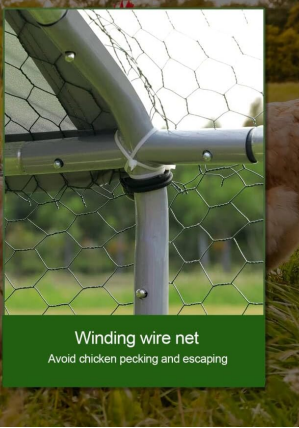

METAL CHICKEN COOP

Length : 13'
Width : 10'
Height : 6.4'

Sturdy Round Spacers
Wind resistance and vibration prevention

Winding wire net
Avoid chicken pecking and escaping

MAINTENANCE

Regular maintenance will extend the lifespan of your Betterhood chicken coop and ensure a safe environment for your animals.

- **Cleaning:** Periodically clean the coop and surrounding area. The galvanized steel frame and Oxford cloth cover can be wiped down with a damp cloth.
- **Inspection:** Regularly check all connections, bolts, and the wire mesh for any signs of loosening, damage, or corrosion. Tighten any loose fasteners immediately.
- **Cover Care:** Ensure the waterproof cover remains securely attached, especially during windy conditions. Clean off any accumulated debris or snow to prevent damage.
- **Ground Stability:** Verify that the coop remains stable on its ground placement. Re-secure ground anchors if necessary.

TROUBLESHOOTING

This section addresses common issues you might encounter with your chicken coop.

- **Coop Instability:**
 - Ensure the coop is placed on a flat, level surface.
 - Check all frame connections and tighten any loose bolts.
 - Verify that ground anchors and support spacers are properly installed and secured.
- **Mesh Damage/Loose:**
 - Inspect the wire mesh for tears or holes. Repair or replace damaged sections promptly to maintain animal safety and predator deterrence.
 - Ensure the mesh is tightly secured to the frame at all attachment points.

- **Cover Issues (Tears, Leaks):**

- Check the Oxford cloth cover for any tears or punctures. Small tears can often be repaired with waterproof patch kits.
- Ensure the cover is correctly positioned and taut to allow water runoff and prevent pooling.

For issues not covered here, please refer to the Warranty & Support section for contact information.

SPECIFICATIONS

Feature	Detail
Model Number	476363352
Dimensions (L x W x H)	156" x 120" x 78" (13' L x 10' W x 6.5' H)
Item Weight	44.5 Pounds
Material	Galvanized Steel Frame, 240D Oxford Cloth Cover, Hexagonal Wire Mesh
Color	Gable Roof (Grey Cover)
Target Audience	Chicken, Duck, Cat, Dog, Bunny, Sheep, Birds, Land Turtles
