## **Cleaning:**

To clean your chair, simply wipe it with a damp cloth. For more stubborn dirt, a mild soap solution can be used. Rinse thoroughly with water and dry with a clean cloth. Avoid abrasive cleaners or harsh chemicals, as these may damage the material.

## **Weather Resistance:**

HDPE is colorfast, fade-resistant, waterproof, and corrosion-resistant, making it suitable for year-round outdoor use without significant weathering or fading.

## 7. Troubleshooting

If you encounter any issues with your FOOWIN Adirondack Chair, please refer to the following common solutions:

### **Chair Back Sliding/Collapsing:**

Ensure that the safety pins on the front legs are fully inserted and locked into place when the chair is in the open position. These pins are crucial for maintaining the chair's stability and preventing unintended folding or reclining.

### **Missing or Damaged Parts:**

If you receive your product with missing accessories, damaged packaging, or defective parts, please contact FOOWIN customer service immediately. Our team is available 24 hours a day to assist you and provide a satisfactory solution.
