SETUP AND ASSEMBLY

The LEVELEVE patio furniture is designed for quick and easy installation. To prevent damage due to excessive weight, the product is shipped in two separate boxes. Please ensure you have received both boxes before beginning assembly.

1. Unpack all components and verify against the parts list (not provided in this document, refer to packaging).
2. Begin assembling each piece according to the included instructions. When attaching bolts, leave them approximately 1/4 inch loose.

3. Once all bolts for a specific piece are in place, then proceed to fully tighten them. This method helps ensure all holes align properly and prevents stress on the frame.
4. Place cushions on the assembled chairs and ottomans.
