TESLA TSL-PC-BL4

Tesla Smart Pet Feeder User Manual

Model: TSL-PC-BL4

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Tesla Smart Pet Feeder (Model TSL-PC-BL4). Please read this manual thoroughly before using the device to ensure proper functionality and safety for your pet.

Image: Front view of the Tesla Smart Pet Feeder, showing the main unit with a transparent food reservoir, control buttons, and an attached white food bowl.

IMPORTANT SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the device:

- Do not immerse the main unit in water or other liquids.
- Ensure the feeder is placed on a stable, level surface.
- Keep out of reach of small children and pets when not in use or during assembly.
- Use only dry pet food with a kibble size up to 10 mm.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.

- Always unplug the feeder before cleaning.

PACKAGE CONTENTS

Verify that all components are present in the package:

- Tesla Smart Pet Feeder Main Unit
- Food Bowl
- Power Adapter
- User Manual (this document)

SETUP GUIDE

1. Assembly

1. Place the main feeder unit on a flat, stable surface.

2. Attach the food bowl to the designated slot at the base of the main unit. Ensure it clicks securely into place.
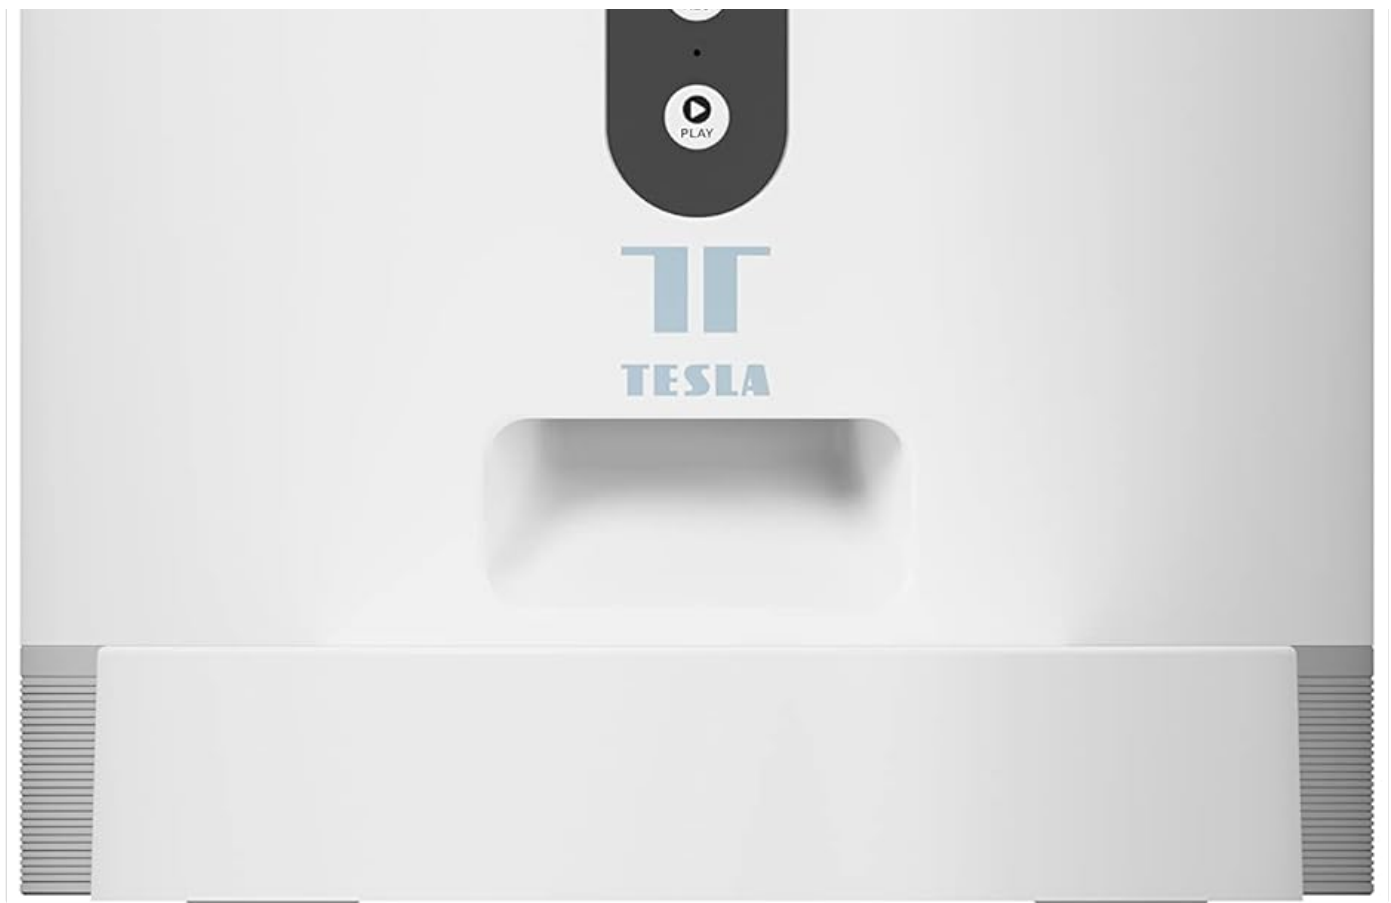

Image: Front view of the feeder highlighting the control panel with feed, record, and play buttons.

2. Powering the Device

- **AC Power:** Connect the power adapter to the feeder's power input port and plug it into a standard wall outlet.
- **Battery Backup (Optional):** For uninterrupted operation during power outages, insert three LR20 (D-cell) batteries into the battery compartment located at the bottom of the unit. *Batteries are not included and must be purchased separately.*

3. Filling the Food Container

1. Remove the lid from the top of the feeder.

2. Pour dry pet food into the transparent container. The feeder has a capacity of 4 liters. Ensure kibble size does not exceed 10 mm to prevent jamming.

3. Replace the lid securely.

Image: A close-up view of dry pet food kibble in the feeder's bowl, demonstrating the type of food suitable for the device.

4. App Download and Wi-Fi Connection

1. Download the Tesla Smart app from the App Store (iOS) or Google Play Store (Android).

2. Open the app and follow the on-screen instructions to create an account and add your Tesla Smart Pet Feeder.

3. Ensure your Wi-Fi network is 2.4 GHz for successful connection.

OPERATING INSTRUCTIONS

1. Scheduling Feeds via App

The primary method for controlling the feeder is through the Tesla Smart app. The app allows you to:

- Set feeding schedules: Define specific times for food dispensing.
- Adjust portion sizes: Control the amount of food dispensed per feeding. The feeder can dispense up to 10 portions per feeding.
- View feeding history.

Image: An orange cat resting beside the Tesla Smart Pet Feeder, illustrating the feeder in a home environment.

2. Manual Feeding

To dispense food manually, press the "Feed" button on the feeder's control panel. Each press will dispense one portion of food.

3. Voice Recording and Playback

The feeder includes a built-in microphone and speaker, allowing you to record a short message to call your pet at feeding times.

- **Record:** Press and hold the "Record" button (microphone icon) on the control panel. Speak your message. Release the button to save.
- **Play:** Press the "Play" button (speaker icon) to play your recorded message. The message will also play automatically at scheduled feeding times.

4. Smart Home Integration

The Tesla Smart Pet Feeder is compatible with Google Assistant and Amazon Alexa. You can control the feeder using voice commands after linking it through the respective smart home applications.

MAINTENANCE AND CLEANING

Regular cleaning ensures the longevity and hygienic operation of your pet feeder.

- **Food Bowl:** The food bowl can be detached and washed by hand with mild soap and water. Rinse thoroughly and dry completely before reattaching.
- **Food Container:** The transparent food container can be wiped clean with a damp cloth. Ensure it is completely dry before refilling with food.

- **Main Unit:** Wipe the exterior of the main unit with a soft, dry cloth *Do not use abrasive cleaners or immerse the main unit in water.*
- **Food Outlet:** Periodically check the food outlet for any blockages or food residue and clear as necessary.

Important: Always unplug the feeder from the power source before cleaning.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Feeder not powering on.	No power from outlet; batteries depleted or incorrectly installed.	Check power adapter connection and wall outlet. Replace or install D-cell batteries correctly.
Food not dispensing.	Food jammed; container empty; incorrect kibble size; feeder offline.	Check for food blockages in the outlet. Refill container. Ensure kibble is max 10mm. Check Wi-Fi connection and app status.
Cannot connect to Wi-Fi.	Incorrect Wi-Fi password; 5GHz network; feeder too far from router.	Verify Wi-Fi password. Ensure you are connecting to a 2.4 GHz network. Move feeder closer to router. Restart feeder and router.
Voice recording not working.	Microphone issue; recording procedure incorrect.	Ensure you are pressing and holding the record button correctly. Try restarting the feeder.

SPECIFICATIONS

Feature	Detail
Model Number	TSL-PC-BL4
