

PayLessHere Fabric Storage Chest Drawer

PayLessHere Fabric Storage Chest Drawer Tower
Organizer Unit Instruction Manual

MODEL: FABRIC STORAGE CHEST DRAWER

Introduction

Thank you for choosing the PayLessHere Fabric Storage Chest Drawer Tower Organizer Unit. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage unit. Please read these instructions carefully before assembly and retain them for future reference.

Safety Information

- **Anti-Tipping System:** For your safety, an anti-tipping system is included. Always install this system to prevent accidental tipping, especially in households with children or pets.
- **Weight Limits:** Do not exceed the recommended weight capacity for the top surface or individual drawers. Overloading can compromise stability and cause damage.
- **Stable Placement:** Place the unit on a flat, level surface to ensure stability. Uneven surfaces can lead to wobbling or tipping.
- **Children's Safety:** Keep small parts and packaging materials away from children during assembly. Do not allow children to climb on or play with the unit.
- **Proper Use:** Use the unit only for its intended purpose of storing lightweight items.

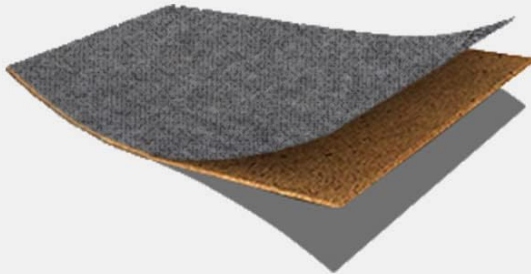

Package Contents

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Steel Frame Components
- Wood Top Panel
- Fabric Drawers (4 units)
- Adjustable Feet (4 units)
- Assembly Hardware (screws, wrench, etc.)

1

Solid hardboard

Made of premium non-woven fabric and solid hardboard on front & bottom of drawers

2

Adjustable Legs

3

Foldable Drawers

Figure 1: Key components including solid hardboard for drawers, adjustable leveling feet, and the foldable design of the fabric drawers.

Assembly Instructions

Assembly is straightforward and typically takes approximately 25 minutes. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Frame:** Connect the steel frame components according to the included diagram, securing them with the provided hardware. Ensure all connections are tight.
3. **Attach Wood Top:** Place the wood top panel onto the assembled frame and secure it using the designated screws.
4. **Install Adjustable Feet:** Screw the four adjustable feet into the bottom of the frame. Adjust them as needed to level the unit on your floor.
5. **Prepare Drawers:** Unfold each fabric drawer and insert the solid hardboard base to create a sturdy structure.

6. **Insert Drawers:** Slide the prepared fabric drawers into the designated slots in the frame. The end stop design prevents drawers from pulling out completely.
7. **Install Anti-Tipping Kit:** Secure the anti-tipping device to the back of the unit and to a wall stud, following the specific instructions provided with the kit. This is a critical safety step.

Operating and Usage

This storage unit is designed for versatile use in various rooms:

- **Bedroom:** Ideal for organizing clothes, socks, underwear, and other personal items.
- **Nursery:** Suitable for storing baby clothes, diapers, blankets, and small toys.
- **Living Room/Hallway:** Can be used for light household items, accessories, or as an accent piece.
- **Drawer Function:** Gently pull and push the drawers using the handles. Avoid forcing drawers if they feel stuck.

Maintenance

To keep your storage unit in optimal condition:

- **Cleaning:** Wipe the steel frame and wood top with a damp cloth. For the fabric drawers, spot clean with a mild detergent and allow to air dry completely. Do not machine wash the fabric drawers.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the finish of the frame, wood top, or fabric.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit is wobbly.	Uneven floor surface; loose connections.	Adjust the leveling feet at the bottom of the unit. Check and tighten all assembly screws.
Drawers do not slide smoothly.	Drawer is overloaded; fabric is misaligned; frame is not square.	Reduce the weight in the drawer. Ensure the fabric drawer is properly unfolded and its hardboard base is correctly inserted. Check frame assembly for squareness.
Missing parts during assembly.	Packaging error.	Contact PayLessHere customer support with your purchase details.
