SETUP

Setting up your Zeb-Bro earphones is straightforward. Follow these steps to begin using your device.

Connecting to Your Device:

1. Locate the 3.5mm audio jack on your smartphone, tablet, laptop, or other compatible audio device.
2. Insert the 3.5mm connector of the Zeb-Bro earphones firmly into the audio jack of your device.
3. Ensure the connection is secure to prevent audio interruptions.

Figure 2: 3.5mm Audio Jack Connection

Wearing the Earphones:

- Gently insert each earbud into the corresponding ear canal (Left earbud into the left ear, Right earbud into the right ear).
- Adjust the earbuds for a comfortable and snug fit. A proper fit helps in achieving optimal sound quality and passive noise isolation.

OPERATING INSTRUCTIONS

The Zeb-Bro earphones are designed for simple and intuitive operation.

Audio Playback:

- Once connected, play audio from your device. The earphones will automatically output sound.
- Adjust the volume using your connected device's volume controls.

Call Function:

The in-line microphone allows for hands-free calling.

- **Answering/Ending Calls:** Press the multi-function button on the in-line remote once to answer an incoming call. Press it again to end an active call.
- **Rejecting Calls:** Press and hold the multi-function button for approximately 2 seconds to reject an incoming call.
- **Playing/Pausing Music:** Press the multi-function button once to play or pause music playback.

MAINTENANCE

Proper care and maintenance will extend the lifespan of your earphones.

Cleaning:

- Wipe the earbuds and cable with a soft, dry, lint-free cloth.
- Do not use harsh chemicals, cleaning solvents, or strong detergents.
- Avoid getting moisture into any openings.

Storage:

- Store the earphones in a clean, dry place when not in use.
- To prevent tangling and damage, coil the cable neatly. The flat, tangle-resistant cable design helps in this regard.

- Avoid extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your Zeb-Bro earphones, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
No sound or low volume	Loose connection, device volume too low, incorrect audio output setting on device.	Ensure 3.5mm jack is fully inserted. Increase volume on your device. Check device's audio output settings.
Microphone not working	Loose connection, device microphone settings, incompatible device.	Ensure 3.5mm jack is fully inserted. Check your device's microphone privacy settings. Test with another compatible device.
Sound distortion	Volume too high, damaged cable/earbuds, audio source issue.	Lower the volume. Inspect cable for damage. Try with a different audio source.
