Setup and Assembly

Your ZINUS platform bed frame is designed for easy assembly. All necessary tools and instructions are typically included within the packaging. It is recommended to assemble the bed frame with two people.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the instruction manual are present.
2. **Identify Parts:** Lay out all parts on a clean, soft surface to prevent scratching. Refer to the parts list in your manual to identify each piece.
3. **Assemble Frame:** Follow the step-by-step diagrams provided in your specific product manual to connect the side rails,

footboard, and headboard. Ensure all bolts are securely tightened.

4. **Install Slats:** Place the wood slats evenly across the frame. Many ZINUS frames feature hook-and-loop fasteners or snap-in mechanisms for easy and secure slat installation.
5. **Final Check:** Once assembled, gently shake the frame to ensure stability. Retighten any loose connections if necessary.

Operating Instructions

The ZINUS platform bed frame is designed for straightforward use. Once assembled, it provides a stable foundation for your mattress.

- **Mattress Placement:** Carefully place your mattress directly onto the wood slats. No box spring is required.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads on small areas.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

Maintenance and Care

Regular maintenance will help prolong the life and appearance of your ZINUS upholstered platform bed frame.

- **Cleaning Upholstery:** For general cleaning, gently vacuum the upholstered surfaces using an upholstery attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, consult a professional upholstery cleaner or use a mild fabric cleaner designed for upholstered furniture, testing on an inconspicuous area first.
- **Frame Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as needed to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or chemical solvents on the upholstery or frame, as these can cause damage or discoloration.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading of the upholstery fabric.
