3. SETUP

The mDesign Lumiere Collection Stackable Storage Bins require no assembly. Follow these simple steps to begin organizing:

1. **Unpack:** Carefully remove all four storage bins from their packaging.
2. **Inspect:** Check each bin for any signs of damage during transit.
3. **Clean (Optional):** Before first use, you may wish to hand wash the bins with mild soap and water. Refer to the Maintenance section for detailed cleaning instructions.
4. **Placement:** Position the bins in your desired location, such as a cabinet, vanity, shelf, or closet.
5. **Stacking:** If using multiple units, place one bin directly on top of another. The design allows for stable stacking.

4. OPERATING INSTRUCTIONS

Using your mDesign Stackable Storage Bins is straightforward:

- **Filling the Bins:** Place items into the pull-out drawer. The clear design allows for easy visibility of

contents.

- **Accessing Contents:** To retrieve items, gently pull the drawer forward using the built-in handle. Push the drawer back in until it is fully closed.
- **Stacking:** For vertical organization, simply place one bin on top of another. The base of the upper bin is designed to fit securely on the lid of the lower bin.

5. MAINTENANCE

To ensure the longevity and clarity of your mDesign storage bins, follow these maintenance guidelines:

- **Cleaning:** Hand wash the bins with mild soap and water. Use a soft cloth or sponge to wipe surfaces.
- **Drying:** Thoroughly dry the bins with a soft cloth after washing to prevent water spots.
- **Avoid Dishwasher:** These storage bins are **not dishwasher safe**. High heat can cause warping or damage to the plastic.
- **Chemicals:** Do not use abrasive cleaners, harsh chemicals, or scouring pads, as these can scratch or dull the plastic surface.

6. TROUBLESHOOTING

These storage bins are designed for simple and reliable use. Should you encounter any minor issues, consider the following:

- **Drawer Sticking:** If a drawer feels stiff or sticky, ensure it is properly aligned within its tracks. Check for any debris or obstructions that might be preventing smooth movement.
- **Stability Issues:** If stacked bins feel unstable, ensure they are placed on a flat, level surface. Verify that each upper bin is correctly seated on the lid of the lower bin. Avoid stacking too many units if the contents are excessively heavy.
- **Cracks or Damage:** If a bin develops a crack or significant damage, discontinue use to prevent injury or further breakage.
