1. INTRODUCTION

Thank you for choosing the mDesign Stackable Storage Containers with 2 Pull-Out Drawers from the Lumiere Collection. These clear plastic storage bins are designed to help organize various items in your home or office. Their stackable design and pull-out drawers offer versatile storage solutions for closets, shelves, and countertops.

2. SETUP

The mDesign Stackable Storage Containers require minimal setup. Follow these steps to prepare your containers for use:

1. **Unpack:** Carefully remove the storage containers from their packaging. Inspect for any damage.

2. **Clean:** Before first use, wipe the containers with a soft, damp cloth and mild soap. Rinse thoroughly and dry completely. Avoid abrasive cleaners.

3. **Placement:** Place the containers on a flat, stable surface. They can be used individually or stacked to maximize vertical storage space.

PACK

Figure 2.1: The product comes as a pack of two containers, ready for use.

3. OPERATING INSTRUCTIONS

These storage containers are designed for easy access and versatile organization.
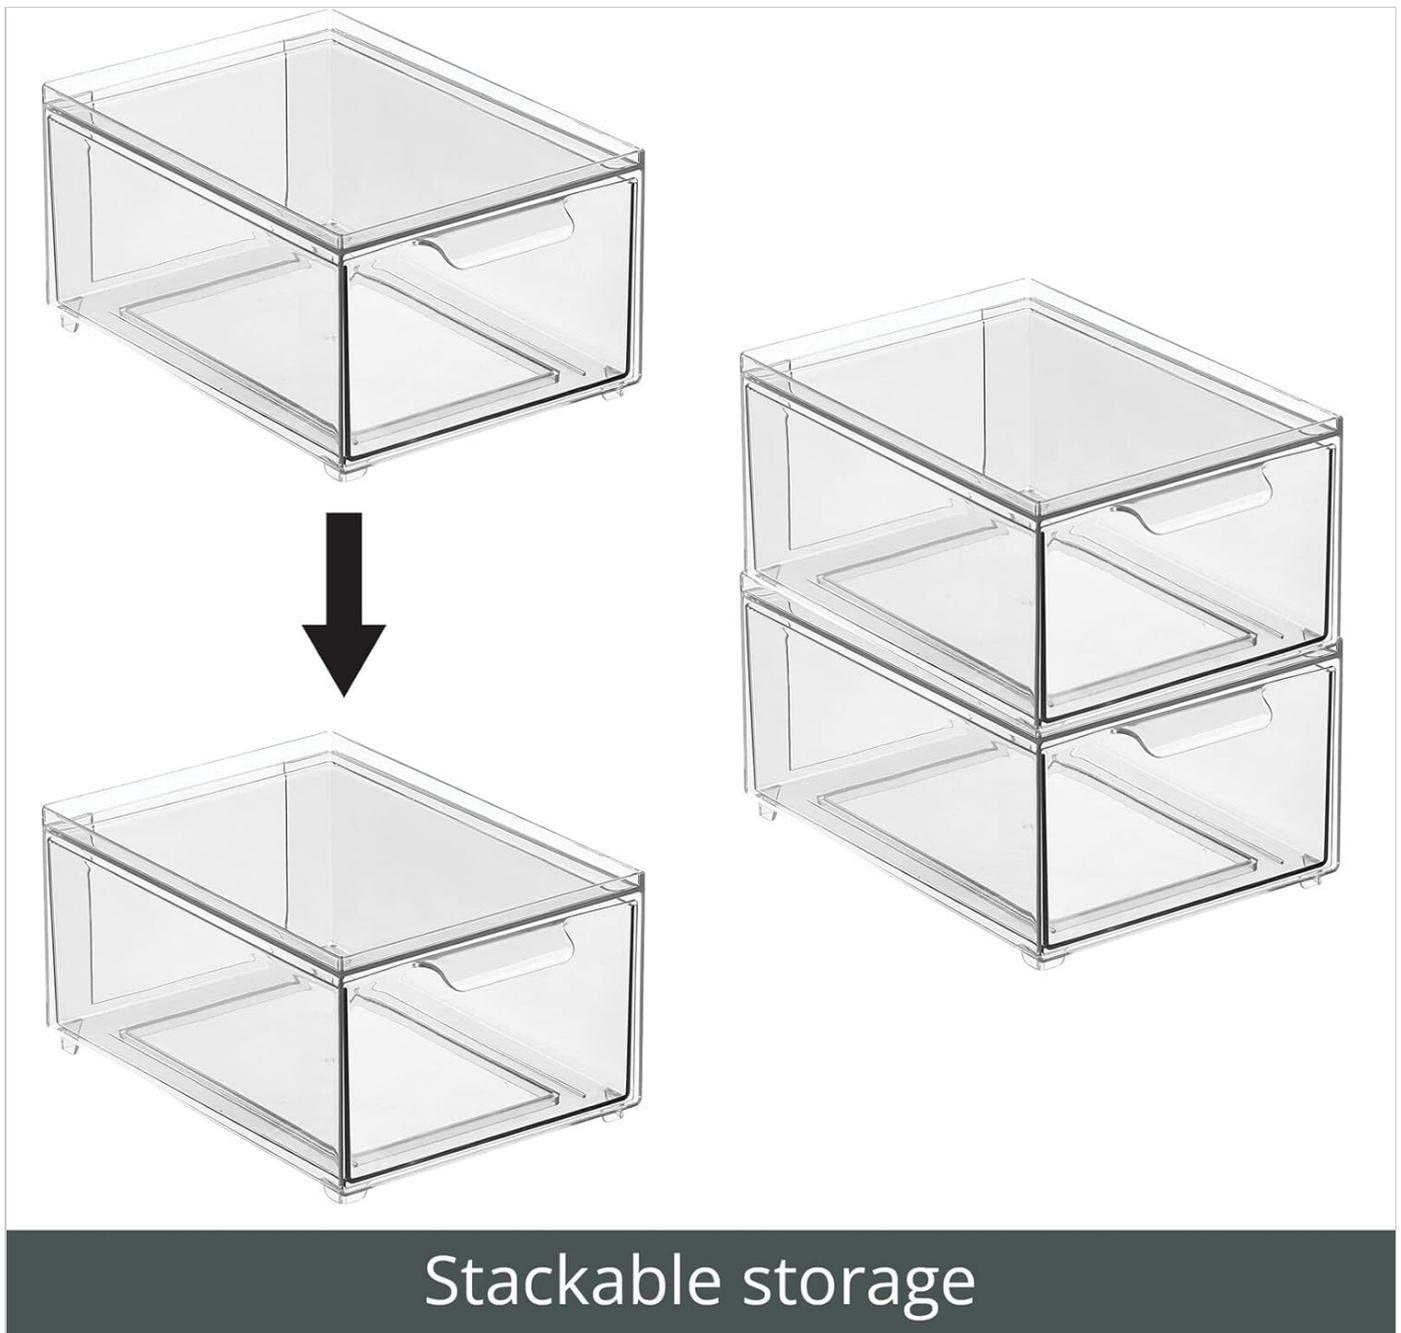

3.1 Using the Pull-Out Drawers

Each container features a smooth-gliding pull-out drawer. To open, gently pull the integrated handle on the front of the drawer. To close, push the drawer back until it is fully seated within the outer shell.

Figure 3.1: Gently pull the integrated handle to open the drawer.

3.2 Stacking Multiple Units

The containers are designed to stack securely on top of each other, allowing you to create customized vertical storage. Align the bottom feet of the upper container with the recessed top surface of the lower container for stable stacking.

3.3 Recommended Uses

These versatile containers can be used for organizing a variety of items in different settings:

- **Closets:** Store small clothing items, accessories, belts, or scarves.
- **Bedrooms:** Organize jewelry, cosmetics, or small personal items.
- **Offices:** Keep stationery, craft supplies, or small documents tidy.
- **Kitchens:** Store packets, tea bags, or small pantry items.
- **Bathrooms:** Organize toiletries, cotton pads, or small towels.

4. MAINTENANCE

To ensure the longevity and clear appearance of your mDesign storage containers, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a soft, damp cloth and mild soap. Avoid harsh chemicals, abrasive cleaners, or scouring pads, as these can scratch the plastic surface.
- **Drying:** Dry thoroughly with a soft cloth immediately after cleaning to prevent water spots.
- **Avoid Extreme Temperatures:** Do not expose the containers to extreme heat or cold, as this may cause warping or cracking.
- **Handle with Care:** While durable, avoid dropping the containers or subjecting them to heavy impacts.

5. TROUBLESHOOTING

If you encounter any issues with your storage containers, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Drawers stick or do not slide smoothly.	Dust or debris in the tracks; drawer overloaded or misaligned.	Clean the drawer tracks with a damp cloth. Ensure the drawer is not overloaded and is inserted correctly.
Containers are unstable when stacked.	Improper stacking; uneven surface.	Ensure the containers are stacked correctly, aligning the feet with the top recesses. Place the stacked unit on a flat, level surface. Avoid stacking too high with heavy items.
Plastic appears cloudy or scratched.	Use of abrasive cleaners; contact with sharp objects.	Use only soft cloths and mild soap for cleaning. Avoid placing sharp objects directly against the plastic. Minor scratches may not be removable.

6. SPECIFICATIONS
