

Bruder 09825

Bruder 09825 John Deere 7R 350 Tractor Instruction Manual

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your Bruder 09825 John Deere 7R 350 Tractor. Designed with realistic details, this model offers an engaging play experience. Please read these instructions carefully before use to ensure proper handling and longevity of the product.

SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Recommended Age:** The Bruder John Deere 7R 350 Tractor is recommended for children aged 4 to 15 years.
- **Supervision:** Adult supervision is recommended during play, especially for younger children.

PACKAGE CONTENTS

Upon opening the package, you should find the following item:

- 1 x Bruder John Deere 7R 350 Tractor (Model 09825)

SETUP AND ASSEMBLY

The Bruder John Deere 7R 350 Tractor comes largely pre-assembled. The following points detail its adjustable features and compatibility with accessories.

Detachable Front Weight

The tractor is equipped with a detachable front weight. This component can be easily removed or re-attached to simulate different tractor configurations for various agricultural tasks.

Tow Coupling with Adjustable Lifting Gear

The rear tow coupling features height-adjustable lifting gear. This allows for compatibility with a wide range of Bruder agricultural trailers and implements, enabling realistic attachment and detachment.

Front Loader Compatibility

For enhanced play, the tractor is designed to be compatible with the Bruder front loader (item no. 03333), which can be mounted to the front of the vehicle.

Inserting the Additional Steering Rod

An additional steering rod is provided to allow external steering of the tractor. To use this feature, open the sliding roof on the cab and insert the steering rod through the opening until it connects with the steering mechanism.

OPERATING INSTRUCTIONS

The Bruder John Deere 7R 350 Tractor features several interactive elements for realistic play.

Opening the Engine Bonnet

The engine bonnet can be lifted to reveal the detailed engine compartment. Gently pull the front of the bonnet upwards to open it.

Image: The engine bonnet opened to show the internal engine details.

Opening the Cab Doors

Both cab doors can be opened. This allows for easy placement of bworld figures (sold separately) into the modern cabin, enhancing the play experience.

Steering Mechanism

The tractor features steerable and off-road full floating axles, along with a steerable front axle. This design provides excellent controllability and ride comfort. Steering can be achieved using the internal steering wheel or the external steering rod as described in the Setup section.

CARE AND MAINTENANCE

- **Cleaning:** To clean the tractor, wipe it with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the plastic finish.
- **Storage:** Store the tractor in a dry place, away from direct sunlight and extreme temperatures, to prevent material degradation.
- **Door Re-attachment:** The cab doors are designed to be detachable for safety and can be re-attached if they come off during play. Align the hinges and gently press until they click back into place.

TROUBLESHOOTING

Issue	Solution
Cab doors detach during play.	The doors are designed to be re-attached. Align the small pins on the door with the corresponding holes on the cab frame and gently press until they click securely into place.

Issue	Solution
Steering rod does not engage.	Ensure the steering rod is fully inserted through the sliding roof opening and properly connected to the internal steering mechanism. Rotate slightly to find the engagement point.
