Instruction Manual

West Biking Bike Water Bottle Cages

Model: 0704037

PRODUCT OVERVIEW

The West Biking Bike Water Bottle Cage is designed to provide secure and easy access to your water bottle during cycling. Constructed from durable and lightweight PC material, it is suitable for various bicycle types including road, mountain, hybrid, touring, and electric bikes. Its flexible design ensures a firm hold on your bottle, preventing accidental drops even on bumpy terrain.

KEY FEATURES

- **Optimal Hydration Access:** Designed for quick and easy access to your bike water bottle, essential for long rides.
- **Durable and Lightweight Construction:** Made from CNC machined PC material, heat-treated for strength and weighing only 1.24oz (35.2g), ensuring no extra burden during rides.
- **Flexible and Secure Design:** Features arms that wrap around the bottle for a firm hold, preventing it from falling out on various terrains.
- **Easy Installation:** Can be installed in less than 60 seconds using a 3mm allen wrench.
- **Universal Fit:** Compatible with most standard cycling water bottles and a wide range of bicycles, provided the frame

has threaded holes for mounting.

SETUP AND INSTALLATION

Installing the West Biking Water Bottle Cage is a straightforward process that takes less than a minute. Ensure your bicycle frame has threaded holes for mounting before proceeding.

1. **Prepare the Mounting Area:** Locate the threaded holes on your bicycle frame where you intend to mount the bottle cage.
2. **Align the Cage:** Position the water bottle cage over the threaded holes on your bike frame, ensuring the screw holes on the cage align perfectly with those on the frame.
3. **Secure with Screws:** Use a 3mm allen wrench (not included) to insert and tighten the provided stainless steel bolts into the threaded holes. Tighten securely but do not overtighten.
4. **Verify Stability:** After tightening, gently tug on the installed cage to ensure it is firmly attached and does not wobble.

OPERATING INSTRUCTIONS

Once installed, the West Biking Water Bottle Cage is ready for immediate use. Simply slide your cycling water bottle into the cage. The flexible arms will securely hold the bottle in place. To remove, pull the bottle upwards. The design allows for easy insertion and removal while riding, ensuring continuous hydration.

MAINTENANCE

The West Biking Water Bottle Cage is designed for durability and requires minimal maintenance.

- **Cleaning:** Wipe the cage with a damp cloth to remove dirt or mud. Mild soap can be used for tougher grime, followed by rinsing with water.
- **Inspection:** Periodically check the mounting screws to ensure they remain tight. If any screws feel loose, retighten them with a 3mm allen wrench.
- **Damage Check:** Inspect the cage for any signs of cracks or damage, especially after a fall or impact. While designed to be robust, severe impacts could compromise its integrity.

TROUBLESHOOTING

This section addresses common concerns you might encounter.

Missing Parts

If you find that any tool parts or bicycle bottle pocket accessories are missing upon receiving your product, please contact our customer support immediately. We are committed to resolving any issues promptly to ensure your satisfaction.

Bottle Not Fitting Securely

Ensure your water bottle is within the compatible size range for the cage. The flexible design is intended to accommodate most standard cycling water bottles. If the bottle is too small, it may wobble; if too large, it may not fit. Refer to the specifications section for dimensions.

Cage Feels Loose After Installation

Re-check the tightness of the mounting screws. Ensure they are securely fastened to the bicycle frame. Avoid overtightening, but ensure they are snug enough to prevent movement.

WARRANTY AND SUPPORT

West Biking stands behind the quality of its products. If you encounter any issues or have questions regarding your water bottle cage, please do not hesitate to reach out to our customer service team. We are dedicated to providing excellent after-sales support and will assist you with any concerns.
