Tiki Tequila 400X Double Shot Ultra Plateau-Busting Bronzer User Manual

Brand: Tan Asz U | Model: Tan Asz U

Product Overview

The Tiki Tequila 400X Double Shot Superbronzer is an advanced tanning lotion designed to help users achieve a deep, rich, and long-lasting bronze. This formula incorporates 400X bronzing technology to overcome tanning plateaus, along with agave extract for skin hydration and a specialized complex to enhance and protect tattoos. It aims to leave skin feeling soft, smooth, and radiant.

Preparation and Application

For optimal results and an even tan, follow these preparation and application steps carefully:

1. **Exfoliate Skin:** Before applying the bronzer, gently exfoliate your skin to remove dead skin cells. This ensures a smooth surface for even application and helps prevent streaks.
2. **Apply Evenly:** Apply a thin, even layer of the Tiki Tequila 400X Double Shot Superbronzer to clean, dry skin. Ensure complete coverage for a consistent tan.
3. **Wash Hands:** Immediately after application, thoroughly wash your hands with soap and water to prevent staining.
4. **Allow Development:** Wait for the recommended time, typically a few hours, before showering. This allows the bronzing agents to fully develop and deepen your tan.

Operating Instructions (Achieving Your Tan)

The Tiki Tequila 400X Double Shot Superbronzer is formulated for advanced tanning results. To maximize its benefits:

- **Regular Use:** For continuous and deepening results, incorporate this bronzer into your regular tanning routine.
- **Plateau-Busting Technology:** This product is designed to help break through tanning plateaus. Consistent application can lead to a darker, more dramatic bronze over time.
- **Tattoo Enhancement:** The specialized complex helps keep tattoos vibrant and protected from fading. Apply directly over tattooed areas for best results.
- **Skin Conditioning:** The skin conditioning blend ensures your skin remains soft and smooth. Enjoy the "Island Tequila Sunset" fragrance during and after application.

Maintenance

To prolong the life of your tan and maintain healthy, hydrated skin:

- **Daily Moisturizing:** Moisturize your skin daily to keep it hydrated and help maintain your tan's longevity and evenness.
- **Reapplication:** Reapply the self-tanner as needed to refresh and deepen your tan. Frequency will depend on desired color and individual skin type.
- **Storage:** Store the product in a cool, dry place away from direct sunlight to maintain its efficacy.

Troubleshooting and Tips

While the Tiki Tequila bronzer is designed for effective tanning, here are some tips and considerations:

- **Uneven Tan/Streaks:** Ensure thorough exfoliation before application. Apply the lotion in thin, even layers. Use a tanning mitt for smoother application, especially on difficult areas like elbows and knees.
- **Color Development:** Tanning results can vary based on individual skin type and previous tanning history. If you feel your tan is not developing as expected, ensure consistent application and proper skin preparation.
- **Tattoo Vibrancy:** The tattoo enhancing complex is designed to protect and enhance. For maximum benefit, ensure direct application to tattooed areas.
- **Fragrance:** The "Island Tequila Sunset" fragrance is part of the product experience. If you have sensitivities, perform a patch test first.

Product Specifications

Specification	Detail
Brand	Tan Asz U

Specification	Detail

Model Number	Tan Asz U
UPC / GTIN	810888025282
Item Form	Liquid
Skin Type	All
