## SETUP AND INSTALLATION

---

Follow these steps to properly install your OtterBox All Day Case onto your Apple Watch:

1. **Prepare Your Watch:** Ensure your Apple Watch is clean and free of dust or debris.
2. **Position the Case:** Hold the OtterBox case with the button cutouts aligned with your Apple Watch's buttons.
3. **Insert the Watch:** Gently press your Apple Watch into the case, starting from one side, ensuring it snaps securely into place. Apply even pressure around the edges until the watch is fully seated within the case.

## MAINTENANCE

---

To keep your OtterBox All Day Case clean and in optimal condition:

- Wipe the case regularly with a soft, damp cloth.
- For stubborn dirt, a mild soap solution can be used. Avoid harsh chemicals or abrasive cleaners.
- Ensure the case and your Apple Watch are completely dry before reassembling.

## TROUBLESHOOTING

---

### Case Fit Issues

If the case does not seem to fit correctly or feels loose:

- Ensure you have the correct case size for your Apple Watch (45mm).
- Remove the case and re-install it, ensuring the watch is fully seated and all edges are snapped into place.

### Button or Digital Crown Responsiveness

If buttons or the digital crown are not responding as expected:

- Check for any debris or foreign objects lodged between the case and the watch.
- Ensure the case is properly aligned and not obstructing the buttons or crown.
