DUDAO U15S

DUDAO U15S TWS Wireless Earbuds User Manual

Model: U15S

INTRODUCTION

This manual provides detailed instructions for the use and maintenance of your DUDAO U15S TWS Wireless Earbuds. Please read this manual carefully before using the product to ensure proper operation and to extend the lifespan of your device.

The DUDAO U15S earbuds offer a truly wireless experience with powerful bass and clear audio, designed for comfort and long-lasting performance. They feature Bluetooth 5.3 technology for stable connectivity and a long battery life with the included charging case.

BASS ENHANCEMENT

PAINLESS WEARING

The built-in moving coil drive unit can present exceptionally rich and delicate sound quality.

SETUP AND FIRST USE

1. **Charging the Case and Earbuds:**

Before first use, ensure both the charging case and earbuds are fully charged. Connect the provided Type-C charging cable to the charging port on the case and plug the other end into a USB power source. The digital display on the case will indicate the charging status.

2. **Power On:**

Open the lid of the charging case. The earbuds will automatically power on and enter pairing mode. You will see the battery display on the case.

BT5.3, Faster and more stable

listening to music, making calls will not freeze, and will not be disconnected.

3. Pairing with Your Device (One-Step Pairing):

Step 1: Ensure the distance between the Bluetooth headset and your mobile phone is within 1 meter for initial pairing.

Step 2: Turn on the Bluetooth function on your smartphone. Your phone will search for nearby Bluetooth devices.

Step 3: Open the charging box cover and take out the earbuds. The headset will enter pairing mode. On your device, search for and select "**DUDAO U15S**" from the list of available Bluetooth devices to connect.

Note: If the earbuds have been connected to fewer than three devices previously, they can achieve a second connection automatically upon removal from the case.

BT connection operation steps:

Step 1: Please control the distance between the BT headset and the mobile phone within 1 meter

Step 2: Turn on the phone's BT function, and the phone will search for nearby BT devices

Step 3: Open the charging box cover, the headset enters the pairing mode at this time, click U15 to pair and connect

Note: When less than three devices have been connected before, it can reach the second connection

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Charging Port:** Keep the Type-C charging port free of dust and debris.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The earbuds are rated as waterproof. However, avoid prolonged exposure to water or submersion. Dry them thoroughly if they get wet before placing them back in the charging case.

- **Avoid Drops:** Handle the earbuds and case with care to prevent damage from drops or impacts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not powering on.	Low battery.	Place earbuds in the charging case and ensure the case is charged. Charge the case if necessary.
Earbuds not pairing with device.
