## STAR TRACK ST-32D-SMART

# STAR TRACK 32-inch Smart LED TV User Manual

Model: ST-32D-SMART

## INTRODUCTION

---

This user manual provides comprehensive instructions for the setup, operation, and maintenance of your STAR TRACK 32-inch Smart LED TV. Please read this manual thoroughly before using the product to ensure proper and safe operation. Keep this manual for future reference.

The STAR TRACK 32-inch Smart LED TV offers vibrant visuals and smart functionalities. Powered by Android, it provides access to a wide range of streaming applications. Its versatile connectivity options ensure compatibility with various devices.

## SAFETY INFORMATION

---

Always follow basic safety precautions when using this television to reduce the risk of fire, electric shock, and injury.

- Do not expose the TV to rain or moisture.
- Do not block ventilation openings.
- Do not place the TV on an unstable cart, stand, tripod, bracket, or table.
- Unplug the TV during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

## PACKAGE CONTENTS

---

Verify that all items are included in the package:

- STAR TRACK 32-inch Smart LED TV
- TV Stand
- Remote Control (batteries not included)
- Power Cable
- User Manual (this document)

# SETUP

## 1. Physical Setup

You can either install the TV on its stand or mount it on a wall (wall mount kit sold separately).

### Stand Installation

1. Carefully place the TV face down on a soft, flat surface to prevent screen damage.
2. Attach the stand bases to the bottom of the TV using the provided screws. Ensure they are securely fastened.

Image: Side view of the STAR TRACK 32-inch Smart LED TV, highlighting its slim profile and the design of the stand.

## 2. Connecting Peripherals

Connect your external devices to the TV using the appropriate ports.

- **HDMI:** For high-definition video and audio from devices like Blu-ray players, gaming consoles, or set-top boxes. The TV features two HDMI ports.
- **USB:** For connecting USB drives to play media files (photos, music, videos). The TV features two USB ports.
- **Antenna/Satellite:** Connect your antenna or satellite cable to the DVB T2/S2 input for digital broadcast reception.
- **RJ45 (Ethernet):** For a wired internet connection.
- **AV Input:** For older devices using composite video and stereo audio cables.
- **Headphone Jack:** For connecting headphones.

## 3. Initial Power On and First-Time Setup

1. Plug the power cable into the TV and then into a power outlet.
2. Press the power button on the TV or remote control to turn it on.
3. Follow the on-screen instructions to complete the initial setup, which typically includes:

- Language selection
- Network connection (Wi-Fi or Ethernet)
- Google account sign-in (for Smart TV features)
- Channel scanning (for antenna/cable users)

## OPERATING

---

### 1. Remote Control Overview

Familiarize yourself with the functions of the remote control buttons for easy navigation.

- **Power:** Turns the TV on or off.
- **Navigation Buttons (Up/Down/Left/Right):** Move through menus and options.
- **OK/Enter:** Confirms selections.
- **Back:** Returns to the previous screen.
- **Home:** Accesses the Smart TV home screen.
- **Volume +/-:** Adjusts the volume level.
- **Channel +/-:** Changes TV channels.
- **Source/Input:** Selects input sources (HDMI, AV, TV).
- **App Shortcut Buttons:** Direct access to popular streaming apps like Netflix, YouTube, Prime Video.
- **Voice Control:** Activates voice commands (if supported by your remote).

### 2. Basic Navigation

From the Home screen, you can access various features:

- **Apps:** View and launch all installed applications.
- **Inputs:** Switch between connected devices.
- **Settings:** Configure TV settings such as picture, sound, network, and system preferences.
- **Search:** Use the search function to find content or apps.

### 3. Smart Features

Your STAR TRACK Smart TV offers a range of intelligent features for enhanced entertainment.

#### Streaming Applications

Access popular streaming services directly from your TV. Ensure your TV is connected to the internet.

# Google Play Store Access

Unlock Endless Entertainment with Apps,  
Games, and More!

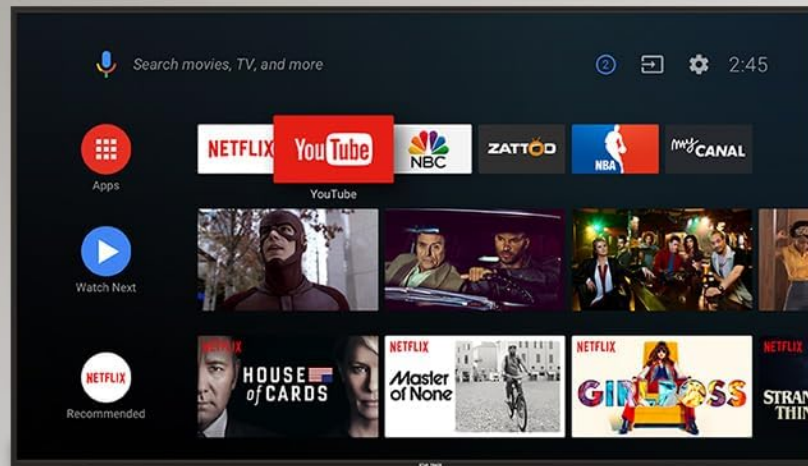

Image: A TV screen displaying the Google Play Store interface, with various app icons visible, indicating access to a wide range of applications.

You can download and install additional apps from the Google Play Store.

## **Miracast (Wireless Display)**

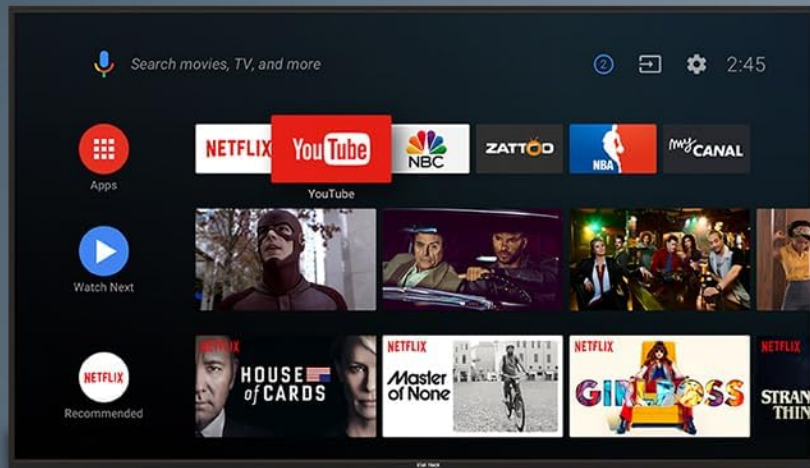

Mirror the screen of your compatible smartphone or tablet directly onto your TV for a larger viewing experience.

 Google Play

# Expand Your View

Connect instantly with Miracast for a full-screen experience.

## MAINTENANCE

---

### Cleaning the TV

- Always unplug the TV before cleaning.
- Use a soft, dry cloth to wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive cleaner specifically designed for electronics.
- Never spray cleaner directly onto the screen.

### Software Updates

Periodically check for software updates to ensure your TV has the latest features and performance improvements. You can usually find this option in the TV's settings menu under "System" or "About".

## TROUBLESHOOTING

---

If you encounter issues with your TV, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No Power	Power cable disconnected, power outlet issue.	Ensure power cable is securely connected. Try a different power outlet.
No Picture / Black Screen	Incorrect input source, device not powered on, loose HDMI cable.	Press the <b>Source</b> button on the remote to select the correct input. Check all cable connections. Ensure connected devices are powered on.
No Sound	Volume muted or too low, incorrect audio output setting, faulty audio cable.	Increase volume. Check if mute is active. Verify audio settings in TV menu. Check audio cable connections.
Wi-Fi Connection Issues	Incorrect password, router issues, TV too far from router.	Re-enter Wi-Fi password. Restart your router. Move TV closer to router or use a wired connection.
Apps Not Working / Slow Performance	Internet connection issues, app cache full, outdated software.	Check internet connection. Clear app cache (in TV settings). Update TV software.

### Factory Reset

If problems persist, a factory reset may resolve them. **Warning:** This will erase all your settings and installed apps. Navigate to *Settings > System > Reset > Factory data reset* and confirm.

## SPECIFICATIONS

---
