

Contigo Spill-Proof Kids Tumbler with Straw 14 Oz

Contigo Spill-Proof Kids Tumbler with Straw 14 Oz Instruction Manual

INTRODUCTION

Thank you for choosing the Contigo Spill-Proof Kids Tumbler with Straw. This 14 oz insulated tumbler is designed to provide a convenient and mess-free drinking experience for children. Its innovative design focuses on preventing spills and maintaining drink temperature, making it ideal for everyday use at home or on the go.

Please read this manual carefully before first use to ensure proper handling, cleaning, and maintenance of your new tumbler.

PRODUCT FEATURES

- **Spill-Proof Design:** Engineered to prevent leaks and spills, even when tipped or dropped, ensuring a clean environment.
- **Insulated Construction:** Keeps beverages cold for an extended period, providing refreshing drinks throughout the day.
- **Integrated Straw System:** The straw is designed to be securely attached to the lid, preventing it from falling out or getting lost. It can be easily disassembled for thorough cleaning.
- **Durable Materials:** Constructed from high-quality, BPA-free plastic and stainless steel for long-lasting use.
- **Kid-Friendly Size:** The 14 oz capacity is suitable for children, and the tumbler's shape is easy for small hands to grip.

SETUP AND FIRST USE

1. **Unpack:** Carefully remove all packaging materials and labels from the tumbler.
2. **Disassemble for Cleaning:** Unscrew the lid from the tumbler. The straw assembly can be detached from the lid by twisting the bottom part of the straw counter-clockwise.
3. **Wash Components:** Wash all parts (tumbler body, lid, and straw assembly) thoroughly with warm, soapy water. Rinse completely. Refer to the "Maintenance and Cleaning" section for detailed cleaning instructions.
4. **Reassemble:** Ensure all parts are dry. Reattach the straw assembly to the lid by twisting it clockwise until secure. Screw the lid back onto the tumbler body.

OPERATING INSTRUCTIONS

1. **Filling the Tumbler:** Unscrew the lid from the tumbler. Fill the tumbler with your desired cold beverage. Do not overfill; leave some space at the top to prevent overflow when the lid is attached.
2. **Securing the Lid:** Place the lid back onto the tumbler and screw it on tightly until it is securely

fastened. Ensure the straw is properly aligned and inserted.

- 3. Drinking:** The tumbler is ready for use. Children can drink directly from the straw. The spill-proof mechanism activates when the straw is not in use, preventing liquid from escaping.
- 4. Transport:** The spill-proof design makes this tumbler suitable for transport, reducing the risk of accidental spills.

MAINTENANCE AND CLEANING

Proper cleaning is essential to maintain hygiene and the longevity of your Contigo tumbler.

- **Hand Wash Only:** All components of the tumbler (body, lid, and straw assembly) must be hand washed. Do not place in a dishwasher.
- **Disassembly for Cleaning:** For thorough cleaning, always disassemble the lid and straw components. Twist the bottom part of the straw counter-clockwise to detach it from the lid.
- **Washing:** Use warm water and mild dish soap. A bottle brush can be used for the tumbler interior, and a straw brush (not included) is recommended for cleaning the inside of the straw.
- **Rinsing:** Rinse all parts thoroughly with clean water to remove any soap residue.
- **Drying:** Allow all parts to air dry completely before reassembling or storing to prevent mold or mildew growth.
- **Storage:** Store the tumbler with the lid and straw disassembled or slightly ajar to allow for air circulation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Liquid is leaking from the lid.	Lid not securely tightened or straw assembly not properly attached.	Ensure the lid is screwed on tightly. Verify the straw assembly is twisted clockwise until fully secured to the lid.
Difficulty drinking through the straw.	Straw may be clogged or not fully inserted into the lid mechanism.	Disassemble the straw and lid. Clean the straw thoroughly with a straw brush. Reassemble, ensuring the straw is correctly aligned and secured.
Drink does not stay cold for long.	Tumbler was not pre-chilled or left open for extended periods.	For best results, pre-chill the tumbler with cold water before adding your beverage. Keep the lid securely closed when not drinking.

SPECIFICATIONS

- **Brand:** Contigo
- **Model:** Spill-Proof Kids Tumbler with Straw
- **Capacity:** 14 ounces
- **Material:** Plastic, Insulated (Stainless Steel body, Plastic lid/straw)
- **Included Components:** Tumbler body, Lid, Straw
