

## PureMounts PM-VAC-20

# PureMounts PM-VAC-20 Vacuum Cleaner Holder Organizer Instruction Manual

Model: PM-VAC-20

## 1. INTRODUCTION

---

Thank you for choosing the PureMounts PM-VAC-20 Vacuum Cleaner Holder Organizer. This stand provides a stable and organized storage solution for your Dyson cordless vacuum cleaner and its accessories. Designed for compatibility with various Dyson models, it features a robust aluminum construction, integrated cable management, and dedicated accessory holders.

Please read this manual carefully before assembly and use to ensure proper installation and optimal performance.

## 2. COMPATIBILITY

---

The PureMounts PM-VAC-20 holder is compatible with the following Dyson vacuum cleaner models:

- Dyson V6 Pro
- Dyson V7 (Pro, Fluffy)
- Dyson V8 (Fluffy, Absolute)
- Dyson Cyclone V10 (Fluffy, Absolute, Total Clean)
- Dyson V11 (Animal, Torque Drive)
- Dyson V12
- Dyson V15
- And other similar models.

## 4. SETUP AND ASSEMBLY

Assembly of the PureMounts PM-VAC-20 is straightforward and designed for ease. The necessary tools are included in the package.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the package contents list.
2. **Attach Upright Column to Base:** Align the bottom of the upright support column with the designated holes on the base plate.
3. **Secure with Screws:** Use the provided screws and wrench to firmly attach the upright column to the base plate. Ensure all screws are tightened to prevent wobbling.
4. **Position the Holder:** Place the assembled holder on a flat, stable surface.

## 5. OPERATING INSTRUCTIONS

Using your PureMounts vacuum cleaner holder is simple and designed for convenience.

1. **Placing the Vacuum:** Gently place your Dyson vacuum cleaner onto the holder. The design ensures a secure fit, and flexible silicone pads protect your device from scratches.
2. **Accessory Storage:** Utilize the four integrated brackets on the upright column to store your vacuum's accessories and attachments.
3. **Cable Management:** The open-back design facilitates easy routing and fixing of your vacuum's charging cable. Ensure the cable is neatly tucked away to prevent tripping hazards and maintain a tidy appearance.

## 6. MAINTENANCE

To ensure the longevity and appearance of your PureMounts holder, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the holder with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Silicone Pads:** Ensure the silicone pads are clean and free of debris to maintain their protective function.

## 7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|

| Problem                              | Possible Cause  | Solution  |
|--------------------------------------|---|---|
| Holder is wobbly or unstable.        | Screws are loose; uneven surface.                       | Ensure all assembly screws are tightened. Place the holder on a flat, level surface.                                  |
| Vacuum does not fit securely.        | Incorrect vacuum model; improper placement.             | Verify your vacuum model is listed in the compatibility section. Ensure the vacuum is seated correctly on the holder. |
| Accessories do not stay on brackets. | Accessory not designed for bracket; overloaded bracket. | Ensure accessories are placed correctly. Avoid overloading the brackets.  |
