alpina 4.3L Ultrasonic Mist Humidifier User Manual

Brand: alpina | Model: 8711252474120

1. Important Safety Instructions

Please read and understand all safety instructions before using this humidifier. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always place the humidifier on a firm, flat, and waterproof surface at least 60 cm away from walls and heat sources.
- Do not immerse the base unit in water or other liquids.
- Unplug the appliance before filling, cleaning, or moving it.
- Do not operate the humidifier with a damaged cord or plug.
- Keep out of reach of children and pets.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent mineral buildup.
- Do not add essential oils directly into the water tank; use the designated aroma box.
- If condensation forms around the unit, reduce the mist output or turn off the humidifier.

2. Product Overview

The alpina 4.3L Ultrasonic Mist Humidifier is designed to enhance your indoor environment with adjustable humidity, aromatherapy, and convenient features.

Image 2.1: Front view of the alpina 4.3L Ultrasonic Mist Humidifier.

Key Features:

- **4.3 Liter Capacity:** Provides up to 12 hours of continuous operation.
- **Adjustable Mist Output:** Three mist levels (low, medium, high) to suit your needs.
- **Automatic Shut-off:** Activates when water level is low or desired humidity is reached.
- **Adjustable Timer:** Set operation duration from 1 to 12 hours.
- **Aromatherapy Function:** Integrated aroma box for essential oils.
- **Night Light & Sleep Mode:** For comfortable nighttime use.
- **Remote Control & LED Display:** Easy operation and monitoring.

3. Setup

3.1 Placement

Place the humidifier on a flat, stable, and waterproof surface. Ensure there is at least 60 centimeters of clear space around the unit for optimal mist dispersion.

3.2 Filling the Water Tank

1. Ensure the humidifier is unplugged from the power outlet.
2. Carefully lift the water tank from the base unit.
3. Turn the tank upside down and unscrew the water tank cap.

4. Fill the tank with clean, cool tap water. Do not fill with hot water.
5. Screw the cap back on tightly.
6. Place the water tank back onto the base unit, ensuring it is seated correctly.

Image 3.1: View of the water basin and filter, highlighting the 4.3-liter capacity for up to 12 hours of humidification.

3.3 Adding Essential Oils (Aromatherapy)

1. Locate the aroma box at the bottom of the base unit.
2. Pull out the aroma box tray.
3. Add 3-5 drops of your preferred essential oil onto the sponge inside the tray.
4. Slide the aroma box tray back into its position.
5. Do not add essential oils directly into the water tank, as this can damage the unit.

Image 3.2: Demonstrating how to add essential oils to the integrated aroma tray for a pleasant fragrance.

4. Operating Instructions

After setup, plug the humidifier into a suitable power outlet. You can operate the unit using the touch controls on the LED display or the included remote control.

4.1 Power On/Off

- Press the Power button (**I/O**) on the control panel or remote to turn the humidifier on or off.

4.2 Mist Level Adjustment

- Press the Mist button (**Mist icon**) repeatedly to cycle through low, medium, and high mist output settings.

4.3 Humidity Setting

- Press the Humidity button (**% icon**) to set your desired humidity level in 5% increments, from 45% to 90%. The unit will automatically maintain this level.

4.4 Timer Function

- Press the Timer button (**Clock icon**) to set the operating time from 1 to 12 hours. The humidifier will automatically turn off after the set time.

4.5 Night Light

- Press the Light button (**Light bulb icon**) to turn the integrated night light on or off.

4.6 Sleep Mode

- Press the Sleep Mode button (**Moon icon**) to activate or deactivate sleep mode, which turns off the LED display for undisturbed rest.

5. Maintenance

Regular cleaning is essential to ensure optimal performance and hygiene of your humidifier.

5.1 Daily Maintenance

- Unplug the humidifier and empty any remaining water from the tank and base.
- Rinse the water tank and base with fresh water.
- Wipe all surfaces dry with a clean cloth.

5.2 Weekly Cleaning (Descaling)

- Unplug the unit and empty all water.
- Pour 2-3 tablespoons of white vinegar into the water tank and base.
- Let it sit for 20-30 minutes to loosen mineral buildup.
- Use a soft brush or cloth to clean the inside of the tank and the ultrasonic nebulizer in the base.
- Rinse thoroughly with clean water until the vinegar smell is gone.
- Do not use harsh chemicals or abrasive cleaners.

5.3 Filter Maintenance

- The humidifier includes a demineralization cartridge. Check the filter regularly for signs of mineral buildup.
- Rinse the filter under running water to remove loose deposits.
- Replace the filter cartridge every 3-6 months, or more frequently depending on water hardness and usage.

5.4 Storage

- Before storing, ensure the humidifier is clean and completely dry.
- Store in a cool, dry place away from direct sunlight.

6. Troubleshooting

If you encounter issues with your humidifier, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No mist output	No water in tank Unit not plugged in Mist outlet blocked Mineral buildup on nebulizer	Refill water tank Plug in securely Clean mist outlet Clean nebulizer as per maintenance instructions
Unusual odor	New unit odor Dirty water/tank	Run for a few hours in a well-ventilated area Clean tank and refill with fresh water
Water leakage	Water tank cap loose Tank not seated correctly Cracked tank	Tighten tank cap Re-seat tank properly Contact customer support
Remote control not working	Batteries dead Obstruction between remote and unit	Replace batteries Remove obstruction, ensure direct line of sight
