2. IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Do not expose the headphones to extreme temperatures, humidity, or liquids.
- Do not disassemble, repair, or modify the headphones. This may void the warranty and pose a safety risk.
- Use only the provided charging cable or a certified Type-C cable for charging.
- Avoid listening at high volume levels for extended periods to prevent hearing damage.
- Keep the headphones away from children and pets.
- Dispose of the product responsibly according to local regulations.

3. PACKAGE CONTENTS

Verify that all items listed below are present in your product package:

- GOWIN JD Pantoja Bluetooth Headphones
- Type-C Charging Cable
- 3.5 mm Auxiliary Cable
- Travel Bag
- User Manual (this document)

4. SETUP GUIDE

4.1 Charging the Headphones

Before first use, fully charge the headphones. A full charge takes approximately 2 hours.

1. Connect the Type-C charging cable to the charging port on the headphones.

2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.

3. The LED indicator will show the charging status (e.g., red for charging, blue for fully charged).

4.2 Powering On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until the LED indicator lights up.

- **To Power Off:** Press and hold the Power button for approximately 3 seconds until the LED indicator turns off.

4.3 Bluetooth Pairing

Pair your headphones with a Bluetooth-enabled device (e.g., smartphone, tablet, laptop).

1. Ensure the headphones are powered off.

2. Press and hold the Power button for about 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.

3. On your device, enable Bluetooth and search for available devices.

4. Select "JD Pantoja Headphones" or similar from the list of found devices.

5. Once paired, the LED indicator on the headphones will turn solid blue or flash blue slowly.

The headphones have a wireless range of up to 10 meters (33 feet).

4.4 Wired Connection (Auxiliary Cable)

You can use the headphones with non-Bluetooth devices or when the battery is depleted using the 3.5 mm auxiliary cable.

1. Connect one end of the 3.5 mm auxiliary cable to the audio input port on the headphones.

2. Connect the other end to the 3.5 mm audio output jack of your device.

3. The headphones will automatically switch to wired mode.

5. OPERATING INSTRUCTIONS

The headphones feature intuitive control buttons located on the earcup.

5.1 Music Playback Controls

- **Play/Pause:** Press the Multi-function button (often marked with a play/pause icon) once.
- **Next Track:** Press and hold the "Next" button (often marked with >>|) once.
- **Previous Track:** Press and hold the "Previous" button (often marked with |<<) once.
- **Volume Up:** Short press the "+" button.
- **Volume Down:** Short press the "-" button.

5.2 Call Management

- **Answer/End Call:** Press the Multi-function button once during an incoming call or during an active call.

- **Reject Call:** Press and hold the Multi-function button for approximately 2 seconds during an incoming call.
- **Redial Last Number:** Double-press the Multi-function button.

6. Maintenance and Care

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in the provided travel bag to protect them from dust and scratches. Store in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headphones regularly, even if not in use for extended periods.
- **Folding Design:** The headphones feature a foldable design for easy portability. Fold them carefully to avoid damage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; device Bluetooth off; too far from device.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headphones closer to the device (within 10m).
No sound or low volume.	Volume too low on headphones or device; incorrect audio output selected; headphones not properly connected (wired).	Increase volume on both headphones and device. Check device's audio output settings. For wired connection, ensure cable is fully inserted.

Problem	Possible Cause	Solution
Sound distortion or intermittent connection.	Interference; too far from device; low battery.	Move away from other wireless devices. Reduce distance between headphones and device. Charge the headphones.
