GreenPan Rio Healthy Ceramic Nonstick 16 Piece Cookware Set

User Manual

INTRODUCTION

Welcome to the GreenPan Rio collection. This 16-piece cookware set is designed to enhance your cooking experience with its healthy ceramic nonstick coating and durable construction. Our Thermolon nonstick coating is free of PFAS, PFOA, lead, and cadmium, ensuring worry-free cooking without toxic fumes, even if overheated. The diamond-reinforced surface provides long-lasting nonstick performance, while heavy-duty construction ensures even heat distribution. Stay-cool Bakelite handles offer a comfortable and secure grip. This manual provides essential information for the proper setup, operation, and maintenance of your new cookware set.

PRODUCT COMPONENTS

Your GreenPan Rio 16-piece cookware set includes the following items:

- 5-inch Frypan
- 8-inch Frypan
- 10-inch Frypan
- 1.2-quart Saucepan with Lid
- 2.2-quart Saucepan with Lid
- 2.8-quart Sauté Pan with Lid
- 5-quart Casserole with Lid
- Stainless Steel Steamer
- 4 Bamboo Tools

HEALTHY CERAMIC NONSTICK, REINFORCED WITH DIAMONDS

SETUP AND FIRST USE

Before First Use

1. Remove all packaging materials and labels.
2. Wash each piece of cookware thoroughly with warm, soapy water using a soft sponge or cloth.
3. Rinse well and dry completely.

Stovetop Compatibility

GreenPan Rio cookware is compatible with both electric and gas stovetops. Ensure the cookware base is centered on the burner for optimal heat distribution.

OPERATING INSTRUCTIONS

Heat Management

Due to the excellent heat conduction of GreenPan Rio cookware, **medium to low heat settings are recommended for most cooking tasks.** High heat should only be used for boiling water. Overheating can damage the nonstick coating over time and is unnecessary for effective cooking.

Nonstick Performance

The Thermolon healthy ceramic nonstick coating is reinforced with diamonds for superior durability and release. This ensures food slides off easily, making cooking and cleanup simpler.

VIBRANT, SCRATCH-RESISTANT FINISHES

Image: Detailed view of the nonstick coating and pan construction.

Utensil Use

To preserve the nonstick surface, use only **wooden, silicone, or heat-resistant plastic utensils**. Avoid using metal utensils, sharp objects, or abrasive materials that can scratch the coating.

Oven Safety

GreenPan Rio cookware (pans and lids) is oven safe up to **350°F (176°C)**. This allows for versatile cooking, from stovetop searing to finishing dishes in the oven.

COOK TOXIN-FREE

THE ORIGINAL CERAMIC NONSTICK

WE INVENTED IT. WE MAKE IT BETTER.

Since inventing healthy ceramic nonstick cookware in 2007, we've dedicated ourselves to advances that make cooking better for everyone.

MAINTENANCE AND CLEANING

Cleaning Instructions

While GreenPan Rio cookware is dishwasher safe, **handwashing is recommended** for prolonged life of the nonstick coating. Allow cookware to cool completely before washing. Use warm, soapy water and a soft sponge or cloth. For stubborn food residue, soak the pan in warm, soapy water for a few minutes before cleaning.

NOW IN 4 COLORS FIND YOUR COLOR

Storage

When storing your cookware, place a soft cloth or pan protector between stacked pieces to prevent scratching the nonstick surface.

TROUBLESHOOTING

- **Food Sticking:** Ensure you are using appropriate heat settings (medium to low). Always add a small amount of oil or butter before cooking. Overheating can reduce nonstick performance.
- **Discoloration:** High heat or certain foods may cause slight discoloration over time. This is normal and does not affect the pan's performance or safety.
- **Handle Loosening:** The Bakelite handles are designed for durability. If a handle feels loose, check for a screw that may need tightening. *(Note: Based on video, the handle is securely attached and does not loosen easily)*

SPECIFICATIONS

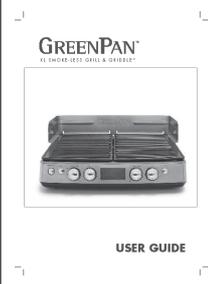

Feature	Detail
Brand	GreenPan
