Nokia SB201

Nokia Solo Bud+ Wireless Mono Headset User Manual

Model: SB201

1. Introduction

Thank you for choosing the Nokia Solo Bud+ in-ear wireless mono headset. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. The Solo Bud+ is designed for clear communication and audio streaming, featuring IPX4 water resistance, a built-in microphone, touch controls, and Bluetooth multipoint connectivity for seamless switching between two devices.

Key Features:

- **IPX4 Water Resistance:** Sweat and splash resistant for active use.
- **Built-in Microphone:** For clear voice calls.
- **Bluetooth Multipoint Connectivity:** Connect to two devices simultaneously.
- **Touch Control:** Easy management of calls and audio.
- **Long Battery Life:** Up to 6.5 hours of talk time.
- **Lightweight Design:** Comfortable for extended wear.

2. What's in the Box

Upon unboxing your Nokia Solo Bud+, please ensure all the following components are present:

- Nokia Solo Bud+ Headset
- 3 pairs of eartips (Small, Medium, Large)
- Micro USB cable
- Quick start guide (not included in this manual)

3. Product Overview

Familiarize yourself with the physical components and controls of your Nokia Solo Bud+ headset.

Image 3.1: Angled view of the Nokia Solo Bud+ showing the main button and side controls.

Image 3.2: Side view of the Nokia Solo Bud+ highlighting the volume buttons.

Controls:

- **Main Circular Button:** Power On/Off, Pairing, Call Answer/End, Play/Pause.
- **Volume Buttons:** Adjust audio volume up or down.
- **Micro USB Port:** For charging the headset.

4. Setup

4.1 Charging the Headset

Before first use, fully charge your Nokia Solo Bud+.

1. Connect the Micro USB cable to the charging port on the headset.
2. Connect the other end of the USB cable to a compatible USB power source (e.g., computer USB port, wall adapter).
3. The indicator light will show charging status (refer to quick start guide for specific light indications).
4. Once fully charged, disconnect the cable.

4.2 Selecting Ear Tips

Choose the ear tip size (S, M, L) that provides the most comfortable and secure fit for optimal sound quality and stability.

4.3 Bluetooth Pairing

To connect your Nokia Solo Bud+ to a device:

1. Ensure the headset is charged and turned off.
2. Press and hold the main circular button on the headset until the indicator light flashes, indicating pairing mode.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings and enable Bluetooth.
4. Search for available devices and select "Nokia Solo Bud+" from the list.
5. Once connected, the indicator light will change (refer to quick start guide for specific light indications).

5. Operating Instructions

5.1 Power On/Off

- **Power On:** Press and hold the main circular button until the indicator light turns on.
- **Power Off:** Press and hold the main circular button until the indicator light turns off.

5.2 Call Management

- **Answer/End Call:** Press the main circular button once.
- **Reject Call:** Press and hold the main circular button.
- **Redial Last Number:** Double-press the main circular button.

5.3 Music Playback

- **Play/Pause:** Press the main circular button once.

- **Volume Up/Down:** Use the dedicated volume buttons on the side of the headset.

5.4 Bluetooth Multipoint Connectivity

The Nokia Solo Bud+ can be connected to two Bluetooth devices simultaneously. This allows you to seamlessly switch between calls or audio from different sources without re-pairing.

1. Pair the headset with the first device as described in Section 4.3.
2. Disable Bluetooth on the first device.
3. Put the headset back into pairing mode and pair it with the second device.
4. Re-enable Bluetooth on the first device. The headset should now be connected to both devices.

6. Maintenance

6.1 Cleaning

To maintain optimal performance and hygiene:

- Wipe the headset with a soft, dry, lint-free cloth.
- For ear tips, remove them and clean with a mild soap solution, then rinse thoroughly and dry completely before reattaching.
- Do not use abrasive cleaners or solvents.

6.2 Water Resistance (IPX4)

The Nokia Solo Bud+ has an IPX4 rating, meaning it is protected against splashing water from any direction. This makes it suitable for use during light rain or sweaty workouts. However, it is not designed for submersion in water. Do not expose the headset to running water or immerse it.

Image 6.1: Nokia Solo Bud+ demonstrating its IPX4 water resistance with water droplets on its surface.

6.3 Storage

Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid storing it with sharp objects that could scratch or damage the device.

7. Troubleshooting

If you encounter issues with your Nokia Solo Bud+, try the following troubleshooting steps:

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset fully.
Cannot pair with device.	Headset not in pairing mode; device Bluetooth off; interference.	Ensure headset is in pairing mode (long press main button). Turn device Bluetooth off and on. Move closer to the device.
No sound or low volume.	Volume too low; headset not connected; incorrect audio output.	Increase volume on both headset and device. Reconnect headset. Check device's audio output settings.
Call quality is poor.	Weak signal; microphone obstruction.	Move closer to your device. Ensure microphone is not covered.
