6. TROUBLESHOOTING

If you encounter issues with the fragrance oil, consider the following:

- **Weak Scent:** Ensure you are using the recommended amount of oil for your diffuser/burner. The size of the room and ventilation can affect scent perception. Try adding a few more drops.
- **No Scent:** Check if your diffuser or burner is functioning correctly. Ensure there is enough water (for ultrasonic diffusers) or that the heat source (for burner lamps) is active.
- **Oil Discoloration/Separation:** This is unlikely with proper storage. Store the oil in a cool, dark place away from direct sunlight. If separation occurs, gently shake the bottle before use.

7. MAINTENANCE

To ensure the longevity and quality of your Mystic Romance My Way Zen Premium Home Fragrance Oil:

- Store the bottle upright in a cool, dry place, away from direct sunlight and extreme temperatures.
- Keep the cap tightly sealed when not in use to prevent evaporation and maintain fragrance integrity.
- Avoid contact with delicate surfaces, as the oil may cause damage or staining.
