JLab Go Air Sport True Wireless Earbuds

USER MANUAL

Introduction

Welcome to the JLab Go Air Sport True Wireless Earbuds user manual. These earbuds are designed for active lifestyles, offering a secure fit, long battery life, and customizable sound. Please read this manual carefully to ensure proper use and to get the most out of your new earbuds.

Key features include:

- **Long Battery Life:** 8+ hours in earbuds, 24+ hours from charging case (32+ hours total).
- **Sweatproof Sport Fit:** IP55 sweat and dirt resistance with ergonomic earhooks.
- **Dual Connect:** Use either earbud independently or both together.
- **EQ3 Sound:** Three sound settings (JLab Signature, Balanced, Bass Boost) without an app.
- **Touch Controls:** Manage volume, tracks, calls, and smart assistant.

What's in the Box

Your JLab Go Air Sport package should contain the following items:

- JLab Go Air Sport Earbuds
- Charging Case with Integrated USB Cable
- Ear Cushions (various sizes)
- Eartips (various sizes)

LONGER USE

With 8+ hours of playtime in each earbud and 24+ additional hours from the charging case that enables you to use it for a longer period.

24+ HOURS PLAYTIME

Setup

1. Charging

Before first use, fully charge your earbuds and charging case. The case features an integrated USB cable for convenient charging. Simply plug the USB connector into a compatible USB power source.

- The charging case provides over 24 hours of additional playtime.
- Earbuds offer 8+ hours of playtime on a single charge.
- Charging time for the case is approximately 2 hours.

2. Bluetooth Pairing

1. Remove the earbuds from the charging case. They will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), open Bluetooth settings.
3. Select "JLab Go Air Sport" from the list of available devices.
4. Once connected, you will hear an audio prompt confirming successful pairing.

3. Secure Fit

The ergonomic earhook design ensures a secure and comfortable fit, even during intense activities. Experiment with the different sizes of gel tips provided to find the best seal for your ears.

BEST FIT

The ergonomic earhook design fits your ears perfectly and allows it to stay in place even if you perform a lot of movements while exercising.

SWEATPROOF SPORT FIT

IP55 sweat and water resistance hold up against sweat and dirt.

Operating Instructions

Touch Controls

The JLab Go Air Sport earbuds feature intuitive touch controls on each earbud. Refer to the table below for common functions:

Action	Left Earbud	Right Earbud
Play/Pause	Single Tap	Single Tap
Volume Down	Double Tap	
Volume Up		Double Tap
Track Back	Press & Hold (1+ sec)	
Track Forward		Press & Hold (1+ sec)
Answer/End Call	Single Tap	Single Tap
Activate Smart Assistant	Triple Tap	Triple Tap

ADDED CONVENIENCE

Its touch controls add an extra element of convenience, allowing you to take calls, pause, rewind, skip tracks, or activate Apple Siri or Google Assistant.

EQ3 Sound Modes

Customize your listening experience with three EQ sound settings: JLab Signature, Balanced, and Bass

Boost. To cycle through these modes, triple tap the **left** earbud.

- **JLab Signature:** Amplified vocals and bass.
- **Balanced:** Even sound for podcasts and classical music.
- **Bass Boost:** Amplified bass and sub-bass.

Dual Connect Technology

The earbuds feature Dual Connect technology, allowing you to use either earbud independently or both together. This is ideal for calls or when you need to be aware of your surroundings.

DUAL CONNECT TECHNOLOGY

The JLab Go Air Sport boasts a dual connect technology that enables the earbuds to be used independently or together to achieve crystal clear calls and tunes.

**Built-in MEMS
microphone in
each bud ensures
clear calls**

Maintenance

To ensure the longevity and optimal performance of your JLab Go Air Sport earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure all components are dry before placing them back in the case or charging.
- **Sweat Resistance:** The earbuds are IP55 sweat and dirt resistant. While they can withstand sweat and light splashes, do not submerge them in water. After intense workouts, wipe them clean to prevent residue buildup.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged. Avoid storing them in extreme temperatures.
- **Charging Port:** Keep the integrated USB charging cable and port clean and free of debris.

Troubleshooting

If you encounter any issues with your JLab Go Air Sport earbuds, try the following solutions:

Earbuds Not Pairing / Disconnecting

- Ensure both earbuds are fully charged.
- Turn off Bluetooth on your device, then turn it back on.
- Forget "JLab Go Air Sport" in your device's Bluetooth settings and attempt to re-pair.
- Place both earbuds back in the charging case, close the lid for 10 seconds, then remove them to reset the connection.

No Sound or Low Volume

- Check the volume level on both your earbuds (via touch controls) and your connected device.
- Ensure the earbuds are properly seated in your ears to achieve a good seal.
- Try switching between the EQ3 sound modes (triple tap left earbud) to see if sound improves.

Charging Issues

- Ensure the integrated USB cable is securely plugged into a working USB port.
- Check the charging contacts on both the earbuds and inside the case for any debris or obstruction.
- Try a different USB power source.
