- The metal frame may have sharp edges. Exercise caution during assembly and handling to prevent cuts.
- Do not exceed the maximum weight recommendations: 55 lbs for the top tier and 44 lbs for the bottom tier. Overloading can cause structural failure.

- Keep small children and pets away from the assembly area to prevent accidents with small parts or tools.
- This product is intended for indoor use only. Do not expose to outdoor elements.

4. SETUP & ASSEMBLY

Assembly is designed to be straightforward and can typically be completed within 20 minutes. It is recommended to have a second person assist with holding parts during certain steps.

Preparation:

1. Clear a spacious, clean area for assembly.
2. Unpack all components and lay them out, comparing them against the package contents list.
3. Ensure you have the provided basic assembly tools. A screwdriver may also be helpful.

Assembly Steps:

1. **Attach Legs to Bottom Ring:** Connect the four metal frame legs (C) to one of the metal frame rings (D) using the provided screws and Allen wrench. *Do not fully tighten screws at this stage.*
2. **Place Bottom Glass Tier:** Carefully place the bottom glass tier (B) onto the assembled bottom ring. Ensure it sits securely within the frame.
3. **Attach Top Ring to Legs:** Connect the remaining metal frame ring (D) to the top ends of the four metal frame legs (C). Again, *do not fully tighten screws yet.*
4. **Place Top Glass Tier:** Carefully place the top glass tier (A) onto the top ring. Ensure the pre-assembled aluminum adhesive connectors (E) align with the glass.
5. **Final Tightening:** Once all components are in place and aligned, gradually tighten all screws. This allows for minor adjustments to ensure the table is stable and level. The adjustable legs can be used for balance on uneven surfaces.

Assembly Tip: As noted by users, it is crucial to leave all bolts slightly loose until all parts are connected and aligned. This flexibility prevents issues with misaligned holes, especially when securing the glass tiers. Once everything is in position, tighten all screws gradually for a sturdy and balanced table.

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your VINGLI coffee table.

- **Cleaning Glass Surfaces:** Wipe the tempered glass surfaces with a dry or damp cloth. For streaks or smudges, use a glass cleaner and a microfiber cloth. Avoid abrasive cleaners or scouring pads that could scratch the glass.
- **Cleaning Metal Frame:** The matte black lacquered metal frame can be cleaned with a soft, dry, or slightly damp cloth. Avoid harsh chemicals or solvents that may damage the finish.
- **Regular Inspection:** Periodically check all screws and connections to ensure they are tight. Retighten as needed to maintain stability.
- **Avoid Direct Heat:** Do not place hot items directly on the glass surface without a coaster to prevent potential damage or thermal shock.
- **Prevent Scratches:** Use felt pads or protective covers under items placed on the glass to prevent scratches.

7. TROUBLESHOOTING

If you encounter any issues with your coffee table, refer to the following common problems and solutions:

- **Table is Wobbly:**

Solution: Ensure all screws are fully tightened. Check that the adjustable feet on the legs are properly adjusted to compensate for uneven flooring.

- **Difficulty during Assembly (Parts not aligning):**

Solution: Loosen all screws slightly. This provides necessary flexibility to align components correctly. Once all parts are in place, gradually tighten all screws evenly. Avoid overtightening any single screw before others are secured.

- **Glass appears scratched or damaged upon arrival:**

Solution: Carefully inspect the packaging for signs of damage. If the glass is damaged, do not proceed with assembly. Contact VINGLI customer support immediately for a replacement.

- **Missing Parts:**

Solution: Double-check the package contents against the list provided in Section 3. If parts are genuinely missing, contact VINGLI customer support for assistance.
