Bayer Neo Vario Doll's Pram Instruction Manual

Model: 18481AB

1. PRODUCT OVERVIEW

The Bayer Neo Vario is a versatile doll's pram designed for dolls up to approximately 20.5 inches. It features an adjustable handle and can be converted between a pram and a pushchair configuration. This manual provides instructions for its assembly, operation, and care.

Figure 1: Fully assembled Bayer Neo Vario Doll's Pram in pram mode.

2. SETUP AND ASSEMBLY

The Neo Vario doll's pram is designed for straightforward assembly. It arrives largely pre-assembled and can be set up with minimal effort.

1. Unfold the main frame of the pram until it locks securely into place.
2. Attach the wheels to the designated axles until they click.
3. Secure the carrycot or seat unit onto the frame. Ensure all connection points are firmly engaged.
4. Adjust the handle to the desired height.

For transportation or storage, the doll's pram can be easily folded. Locate the folding mechanisms on the frame and follow the reverse steps of assembly to collapse the unit.

3. OPERATING INSTRUCTIONS

3.1 Handle Adjustment

The handle of the Neo Vario is adjustable from 24.4 to 31.1 inches (62 to 79 cm), allowing it to be adapted to various user heights. To adjust, locate the buttons or levers on either side of the handle, press them, and move the handle to the desired position. Release the buttons to lock the handle in place.

3.2 Convertible Functionality (Pram to Pushchair)

The doll's pram can be converted into a jogger pushchair. This involves changing the angle of the carrycot. Follow these steps:

1. Ensure the doll is securely positioned or removed before conversion.
2. Locate the adjustment mechanism for the carrycot angle.
3. Adjust the carrycot to an upright, seated position to transform it into a pushchair.

The carrycot can also be mounted in the direction of travel or facing towards the user. The pram also features a reversible handle, allowing the handle to be easily moved to either side without re-positioning the carrycot.

Figure 2: Demonstrating the adjustable and reversible handle features.

3.3 Swivel Front Wheels

The pivoted front wheels are designed to provide stable cornering and smooth maneuverability. Ensure they are free from obstructions for optimal performance.

3.4 Accessories

The Neo Vario includes an accompanying shoulder bag and an integrated shopping basket. The shoulder bag has a long handle for shoulder use and two short handles for handbag style, featuring a zipper closure. The shopping basket provides additional storage space.

4. MAINTENANCE

To ensure the longevity and proper function of your Bayer Neo Vario doll's pram, regular maintenance is recommended.

- **Cleaning:** Wipe down the frame and fabric components with a damp cloth and mild soap. Avoid

harsh chemicals that may damage the materials.

- **Wheels:** Periodically check the wheels for debris and ensure they rotate freely.
- **Storage:** When not in use, store the pram in a clean, dry place. The foldable design allows for compact storage.

5. TROUBLESHOOTING

If you encounter any issues with your Neo Vario doll's pram, consider the following:

- **Difficulty Folding/Unfolding:** Ensure all locking mechanisms are disengaged before attempting to fold, and fully engaged when unfolding. Do not force the frame.
- **Wheels Not Turning Smoothly:** Check for any hair, string, or debris caught in the wheel axles. Clean as necessary.
- **Loose Components:** Periodically check all screws and fasteners to ensure they are tight. Do not overtighten.

For persistent issues, please contact Bayer Design customer support.

6. SPECIFICATIONS

Feature	Detail
Product Dimensions	16.54 x 33.86 x 31.1 inches (42 x 86 x 79 cm)
Item Weight	8.56 pounds (3.88 kg)
Item Model Number	18481AB
Manufacturer Recommended Age	36 months - 8 years
Dolls Compatibility	Up to 20.5 inches (52 cm)
