KAWADA NBC-362

KAWADA nanoblock Velociraptor (Model NBC-362) Building Kit Instruction Manual

Detailed Assembly and Care Guide

Introduction

This manual provides essential information and guidance for assembling and caring for your KAWADA nanoblock Velociraptor building kit, model NBC-362. This kit allows you to construct a detailed miniature model of a Velociraptor using micro-sized building blocks. Please read all instructions carefully before beginning assembly.

Safety Information

WARNING: CHOKING HAZARD - Small Parts.

This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is

recommended during assembly, especially for younger builders. Keep all small parts away from infants and pets to prevent accidental ingestion.

The manufacturer recommended age for this kit is 15 years and up, though the difficulty level is rated 2 out of 5, making it accessible for ages 8+ with proper guidance.

What's in the Box

Your nanoblock Velociraptor kit includes:

- nanoblock - Dinosaurs - Velociraptor, Nanoblock Collection Series Building Kit components (approximately 170 pieces).
- Detailed step-by-step assembly instructions.

Assembly Instructions (Setup)

The nanoblock Velociraptor kit consists of approximately 170 micro-sized building blocks. The assembly process is designed to be straightforward, with a difficulty level of 2 out of 5, indicating it is an entry-level kit.

1. **Unpack Components:** Carefully open the packaging and lay out all the nanoblock pieces. It is recommended to use a clean, flat surface to prevent losing any small parts.
2. **Review Instructions:** Before starting, thoroughly read the detailed step-by-step instructions included in your kit. These instructions provide visual diagrams and specific guidance for each stage of the build.
3. **Follow Step-by-Step:** Assemble the model by following the numbered steps in the instruction manual. Pay close attention to the color and shape of each block as indicated.
4. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure. The small size of the blocks requires precision.
5. **Verify Progress:** Periodically compare your progress with the diagrams in the manual to ensure correct placement and orientation of blocks.

The finished model will stand approximately 2.99 inches (7.6 cm) tall.

Maintenance

To keep your nanoblock Velociraptor model in optimal condition:

- **Cleaning:** Gently dust the model with a soft brush or a dry cloth. For more thorough cleaning, use a slightly damp cloth and mild soap, then rinse and air dry completely. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation.
- **Handling:** Handle the model carefully to avoid accidental disassembly, especially with delicate parts like the tail or head.

Troubleshooting

If you encounter issues during assembly or with your nanoblock kit:

- **Missing Pieces:** Double-check the packaging and your work area thoroughly. Due to the small size of nanoblocks, pieces can be easily overlooked. If a piece is genuinely missing, refer to the support information below.
- **Difficulty with Assembly:** Review the instruction manual again, paying close attention to the diagrams. Sometimes a small misplacement can affect subsequent steps. Ensure blocks are fully connected.
- **Loose Connections:** If parts feel loose, ensure the blocks are pressed firmly together. The precision fit of nanoblocks should create a secure connection.

Specifications

Product Name	nanoblock - Dinosaurs - Velociraptor
Brand	KAWADA
Model Number	NBC-362
Number of Pieces	170
Difficulty Level	2 (out of 5)
Assembled Dimensions	Approximately 2.99 inches (7.6 cm) tall
Product Dimensions (Box)	4.72 x 2.12 x 2.99 inches (12 x 5.4 x 7.6 cm)
Item Weight	1.06 ounces (30 grams)
Recommended Age	15 years and up (suitable for 8+ with guidance)
ASIN	B09RMHC8XR
Release Date	October 1, 2022
Manufacturer	Kawada

Warranty and Support

For officially licensed KAWADA nanoblock products distributed in the U.S. Markets by Bluefin / Bandai Namco, product support assistance is available within the United States. The product box will feature a Bluefin / Bandai Namco warning label as proof of authenticity.

If you have questions regarding assembly, missing parts, or require further assistance, please contact the authorized distributor or retailer from whom you purchased the product. Keep your proof of purchase for warranty and support inquiries.
