2. SETUP INSTRUCTIONS

Follow these steps to connect your Trust TKM-250 Deskset to your computer:

1. **Unpack the Deskset:** Carefully remove the keyboard and mouse from their packaging.

2. **Connect the Keyboard:** Locate an available USB port on your computer. Plug the USB connector of the keyboard into the USB port.

3. **Connect the Mouse:** Locate another available USB port on your computer. Plug the USB connector of the mouse into the USB port.

4. **System Recognition:** Your operating system should automatically detect and install the necessary drivers for the keyboard and mouse. This process may take a few moments.

5. **Test Functionality:** Once installed, test the keyboard by typing and the mouse by moving the cursor and clicking.

3. OPERATING INSTRUCTIONS

3.1 Keyboard Usage

- **Typing:** Use the standard QWERTY layout for text input.
- **Function Keys (F1-F12):** These keys perform various functions depending on the application or operating system.
- **Numeric Keypad:** The dedicated numeric keypad on the right provides efficient data entry.
- **Adjustable Height:** The keyboard features adjustable feet on the underside to change the typing angle for improved comfort. Gently flip out the feet to raise the keyboard.

3.2 Mouse Usage

- **Left Click:** Primary action, typically used for selecting items or opening files.
- **Right Click:** Secondary action, typically used to open context menus.
- **Scroll Wheel:** Used for scrolling through documents and web pages. The scroll wheel can also be pressed for a middle-click function in some applications.
- **Ambidextrous Design:** The mouse is designed to be comfortable for both left-handed and right-handed users.

4. MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the surfaces of the keyboard and mouse. Avoid harsh chemicals.
- **Spill Resistance:** The keyboard is designed with spill-resistant features. In case of accidental spills, immediately disconnect the keyboard from the computer and allow it to dry completely before reconnecting. Do not immerse the keyboard in liquid.
- **Storage:** Store the deskset in a cool, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

- **Keyboard or Mouse Not Responding:**

  - Ensure the USB cables are securely plugged into the computer's USB ports.
  - Try plugging the keyboard and mouse into different USB ports.
  - Restart your computer.
  - Check your computer's device manager to ensure the devices are recognized and drivers are installed correctly.

- **Keys Not Working:**

  - If specific keys are not working, check for debris under the keycaps.
  - If the keyboard has experienced a spill, ensure it is completely dry.

- **Mouse Cursor Jumps or is Erratic:**

  - Ensure the mouse sensor is clean and free of dust or debris.
  - Use the mouse on a clean, non-reflective surface or a mouse pad.
