Setup and Assembly

Each nanoblock character comes with its own set of micro-sized blocks and a dedicated instruction sheet. Follow the visual, step-by-step instructions provided with each character to ensure correct assembly. The blocks are very small, requiring precision and patience.

1. **Unpack:** Carefully open the packaging and separate the bags containing the blocks for each character.
2. **Identify Pieces:** Refer to the instruction manual to identify the different types and colors of blocks required for each step.
3. **Assemble:** Follow the diagrams precisely, connecting the micro-sized blocks. It is recommended to work on a clean, flat surface to prevent loss of small pieces.
4. **Verify:** Double-check each step to ensure all blocks are correctly placed and securely connected.

Maintenance

To keep your nanoblock figures in optimal condition:

- **Cleaning:** Gently dust the figures with a soft, dry cloth or a soft brush. Avoid using harsh chemicals or abrasive materials.
- **Handling:** Handle figures with care to prevent accidental disassembly, especially due to their small size.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to avoid loss.

Troubleshooting

If you encounter issues during assembly or with your completed figure:

- **Missing Pieces:** While rare, if you believe a piece is missing, carefully re-check the packaging and your workspace. Contact customer support if necessary.
- **Difficulty Assembling:** Ensure you are following the instructions precisely. The small size of the blocks requires fine motor skills and patience. Using tweezers (not included) can aid in placing very small pieces.
- **Loose Connections:** Ensure blocks are pressed firmly together. If a connection feels loose, verify that the correct blocks are being used as per the instructions.
