Jada 30853

Jada Transformers Rescue Bots Academy Bumblebee RC Car Instruction Manual

MODEL: 30853

Introduction	Package Contents	Setup	Operation	Maintenance	Troubleshooting
		Specifications	Support		

1. Introduction

This manual provides instructions for the safe and proper use of your Jada Transformers Rescue Bots Academy Bumblebee RC Radio Control Car. This product is designed for users aged 3 years and older. Please read all instructions carefully before operating the vehicle.

Safety Information

- Adult supervision is recommended during operation.
- Do not operate near water or in wet conditions.
- Keep fingers, hair, and loose clothing away from moving wheels.
- Do not operate in crowded areas to avoid collisions.
- Use only the recommended batteries.

2. Package Contents

Ensure all items listed below are present in the package:

- 1 x Jada Transformers Rescue Bots Academy Bumblebee RC Car
- 1 x Remote Control Unit

Image 2.1: The Bumblebee RC car and its accompanying remote control unit.

3. Setup

3.1 Battery Installation for the RC Car

1. Locate the battery compartment on the underside of the Bumblebee RC car.
2. Using a screwdriver (not included), open the battery compartment cover.
3. Insert **three (3) AA alkaline batteries**, ensuring correct polarity (+/-).
4. Replace the battery compartment cover and secure it with the screw.

3.2 Battery Installation for the Remote Control

1. Locate the battery compartment on the back of the remote control unit.
2. Using a screwdriver (not included), open the battery compartment cover.
3. Insert **two (2) AAA alkaline batteries**, ensuring correct polarity (+/-).
4. Replace the battery compartment cover and secure it with the screw.

Note: Batteries are not included with the product. Always use new batteries for optimal performance. Do not mix old and new batteries, or different types of batteries.

4. Operating Instructions

4.1 Powering On and Pairing

1. Ensure both the RC car and the remote control have fresh batteries installed.
2. Turn on the power switch on the RC car (usually located on the underside).
3. Turn on the power switch on the remote control.
4. The car and remote should automatically pair. If the car does not respond, turn both off and on again, ensuring they are close to each other.

4.2 Remote Control Functions

The remote control features a simple two-button design for easy operation:

- **Left Button:** Press and hold to move the car forward.

- **Right Button:** Press and hold to move the car backward. Releasing and pressing again can initiate spin maneuvers.

Image 4.1: The two-button remote control for the Bumblebee RC car.

4.3 2.4 GHz Frequency

The Bumblebee RC car operates on a 2.4 GHz frequency, which allows for multiple vehicles (up to 16) to be played simultaneously without interference. This ensures a stable connection between the remote and the car.

5. Maintenance

5.1 Cleaning

- Wipe the car and remote with a soft, dry cloth.
- Do not use chemical cleaners or water, as this can damage electronic components.

5.2 Storage

- When not in use, store the RC car and remote in a cool, dry place, away from direct sunlight.
- Remove all batteries from both the car and the remote control if storing for extended periods to prevent leakage and damage.

5.3 Battery Care

- Always dispose of used batteries responsibly according to local regulations.
- Never attempt to recharge non-rechargeable batteries.
- Do not short-circuit battery terminals.

6. Troubleshooting

Problem	Possible Cause	Solution
Car does not move or respond to remote.	<ul style="list-style-type: none"> Batteries are low or incorrectly installed. Car or remote is not powered on. Car and remote are not paired. 	<ul style="list-style-type: none"> Replace with fresh batteries, ensuring correct polarity. Ensure both power switches are in the "ON" position. Turn both units off and on again, keeping them close to each other for re-pairing.
Short operating range or intermittent control.	<ul style="list-style-type: none"> Low batteries in either unit. Environmental interference. 	<ul style="list-style-type: none"> Replace with fresh batteries. Move to an open area away from other electronic devices or large metal objects.

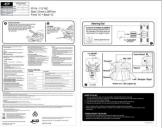

7. Specifications

Feature	Detail
Model Number	30853
Product Dimensions	7.5 x 3 x 4 inches (L x W x H)
Item Weight	1.1 pounds
Recommended Age	3 years and up
Car Batteries Required	3 x AA Alkaline (not included)
Remote Batteries Required	2 x AAA Alkaline (not included)
Frequency	2.4 GHz
Manufacturer	Jada Toys
