Briloner 2731-035

BRILONER Leuchten 2731-035 Ceiling Light

USER MANUAL

1. Product Overview

The BRILONER Leuchten 2731-035 is a modern and versatile 3-spot ceiling light designed for various indoor spaces, including bathrooms, living rooms, kitchens, and hallways. Its sleek black design, made from metal and plastic, integrates seamlessly into contemporary interiors. The light features adjustable spots, allowing for individual control over light direction, and boasts an IP44 protection rating, making it suitable for areas with splashing water.

Key Features:

- Modern 3-spot design in black, constructed from durable metal and plastic.
- Versatile application, particularly suitable for bathrooms due to IP44 splash water protection.
- Rotatable and swiveling spot heads for customizable light direction.
- Equipped with three GU10 sockets (bulbs not included).
- Compact dimensions: 210 mm (diameter) x 112 mm (height).

Image 1.2: Visual representation of key features including GU10 base, adjustability, and IP44 rating.

2. Safety Instructions

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- **Electrical Safety:** Always disconnect the power supply at the main circuit breaker before attempting any installation, maintenance, or bulb replacement.
- **Qualified Electrician:** Installation should only be performed by a qualified electrician in accordance with local wiring regulations.
- **Voltage:** Ensure the voltage supply matches the product's specifications (2.3E+2 Volts).
- **IP44 Rating:** This fixture is IP44 rated, meaning it is protected against splashing water from any direction. While suitable for bathrooms, do not submerge the fixture in water.
- **Bulb Type:** Use only GU10 LED bulbs as specified. Do not exceed the maximum wattage (20 Watts total for the fixture).

- **Heat:** Allow bulbs to cool before handling.
- **Cleaning:** Clean only with a soft, dry cloth. Do not use abrasive cleaners or solvents.

3. Setup and Installation

This section provides general guidelines for installing your BRILONER ceiling light. For detailed wiring diagrams and specific mounting instructions, please refer to the separate installation guide included with your product packaging.

1. **Preparation:**
    - Ensure the power supply to the installation area is turned off at the main circuit breaker.
    - Gather necessary tools: screwdriver, wire strippers, drill (if needed), mounting hardware (usually included).
    - Unpack the ceiling light and inspect for any damage.
2. **Mounting the Fixture:**
    - Mark the drilling points on the ceiling according to the fixture's mounting plate.
    - Drill holes and insert appropriate wall plugs if necessary.
    - Secure the mounting plate to the ceiling.
3. **Wiring:**
    - Connect the household electrical wires to the fixture's terminals (Live, Neutral, Earth) following the color codes and the installation guide. Ensure all connections are secure.
4. **Attaching the Fixture Body:**
    - Carefully attach the main body of the ceiling light to the mounted plate, ensuring all wires are tucked safely inside.
5. **Installing Bulbs:**
    - Insert three GU10 LED bulbs (not included) into the respective sockets.
6. **Final Check:**
    - Once installation is complete, restore power at the main circuit breaker and test the light.

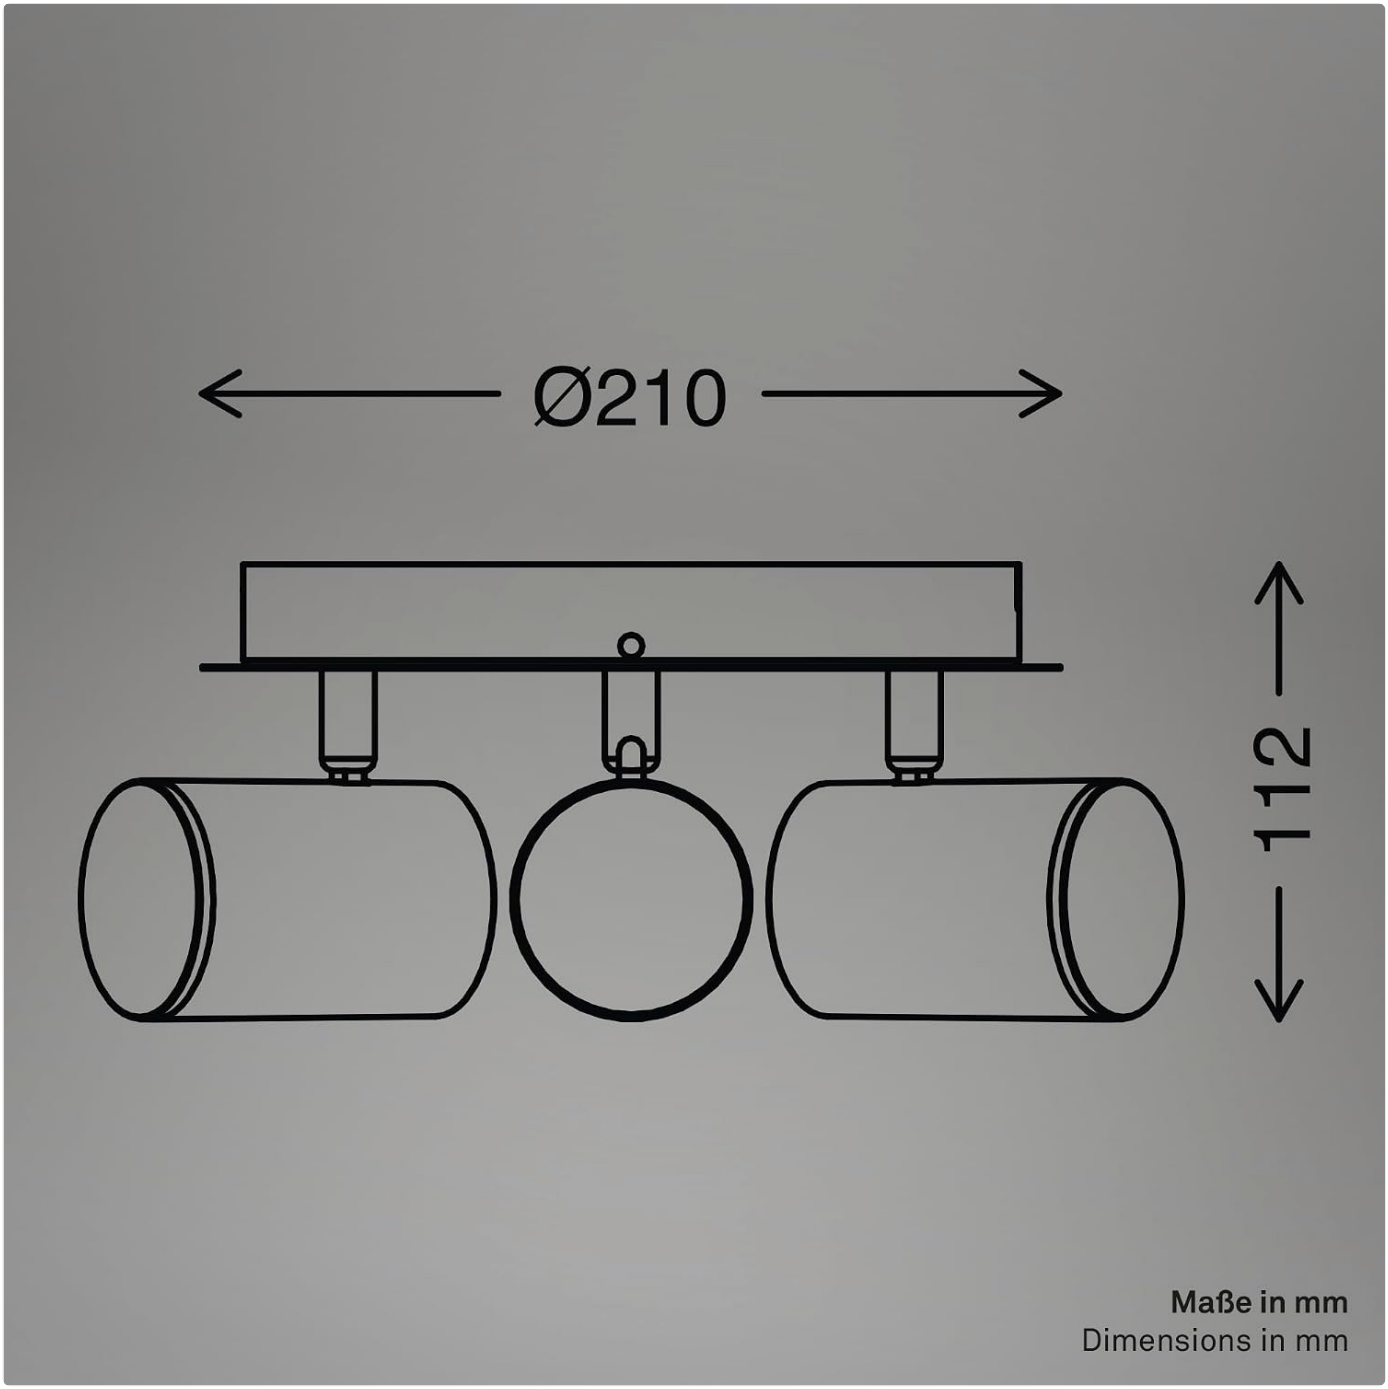

Image 3.1: Dimensions of the ceiling light: 210mm diameter, 112mm height.

4. Operating Instructions

The BRILONER 2731-035 ceiling light is designed for simple operation once installed.

- **Power On/Off:** Control the light using your standard wall switch connected to the fixture.
- **Adjusting Light Direction:** The three spot heads are rotatable and swiveling. Gently grasp each spot head and pivot or rotate it to direct the light beam precisely where needed. This allows for customized illumination of different areas within the room.

Image 4.3: The ceiling light providing illumination in a modern living room.

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling light.

- **Cleaning:**
  - Before cleaning, ensure the light is switched off and has cooled down.
  - Wipe the fixture with a soft, dry, lint-free cloth.
  - For stubborn marks, a slightly damp cloth can be used, but ensure no water enters the electrical components. Dry immediately.
  - Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Bulb Replacement:**
  - Always turn off the power supply at the main circuit breaker before replacing bulbs.

- Allow old bulbs to cool completely before touching.
- Twist the GU10 bulb counter-clockwise to remove it from the socket.
- Insert a new GU10 LED bulb (max 20W total for the fixture) by aligning the pins and twisting clockwise until secure.
- Restore power and test the new bulb.

6. Troubleshooting

If you encounter issues with your BRILONER ceiling light, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on.	• No power supply. • Loose wiring connection. • Faulty bulb. • Faulty wall switch.	• Check circuit breaker and wall switch. • Ensure all wiring connections are secure (*power off first!*). • Replace bulbs with new ones. • Test the wall switch or consult an electrician.
Light flickers.	• Loose bulb. • Incompatible dimmer switch (if applicable). • Faulty bulb.	• Tighten bulbs in their sockets. • Ensure bulbs are compatible with your dimmer switch, or remove the dimmer. • Replace faulty bulbs.
Spots are difficult to adjust.	• Dust or debris in the swivel mechanism.	• Gently clean around the swivel points with a soft, dry cloth. Do not force movement.

If the problem persists after trying these steps, please contact customer support or a qualified electrician.

7. Specifications

Feature	Detail
Brand	Briloner
Model Number	2731-035
Product Dimensions (L x W x H)	21 x 21 x 11.2 cm
Weight	740 grams
Material	Plastic, Metal
Color	Black
Style	Modern
IP Rating	IP44 (Protected against splashing water)
Number of Bulbs	3

Feature	Detail
Bulb Type	GU10 LED (not included)
