3. SETUP

1. **Initial Cleaning:** Before first use, wipe the interior and exterior surfaces clean with water or a mild detergent. Rinse thoroughly and ensure the cooler is dry.
2. **Pre-Chill (Optional):** For optimal ice retention, pre-chill the cooler by placing a bag of ice inside for a few hours before loading.
3. **Loading:** Place ice or ice packs at the bottom, then add beverages and food. Top with more ice for maximum cooling.

4. OPERATING INSTRUCTIONS

1. **Transporting:**
 - **Rolling:** Extend the telescoping handle by pressing the button and pulling upwards. Tilt the cooler and roll it using the oversized wheels.
 - **Lifting:** For heavier loads or uneven terrain, use the integrated side handles for two-person lifting.

2. **Accessing Contents:** Open the fully-foamed lid to access contents. Ensure the lid is securely closed after each use to maintain temperature.
3. **Using Cup Holders:** Place beverages in the two self-draining cup holders on the lid.
4. **Using Dry Storage:** Open the small compartment on the lid to store items you wish to keep dry, such as keys or a phone.

5. MAINTENANCE & CARE

- **Cleaning:** Wipe interior and exterior surfaces clean before storing and between uses. Light dirt or stains can be cleaned with water or mild detergent. Tougher stains may be cleaned with a diluted solution of baking soda and water.
- **Rinsing:** Ensure all cleaning agents are thoroughly rinsed from the cooler.
- **Draining:** After use, open the triple snap drainplug to empty melted ice and water.
- **Drying:** Ensure the cooler is completely dry before storage to prevent stains and odors.
- **Storage:** Store the cooler in a cool, dry place away from direct sunlight. To prevent odors, leave the lid slightly ajar during storage.

6. TROUBLESHOOTING

- **Poor Ice Retention:**
 - Ensure the lid is securely closed.
 - Pre-chill the cooler before loading.
 - Use a good ice-to-content ratio (ideally 2:1 ice to contents).
 - Minimize opening the lid.
- **Odors:** Clean the cooler thoroughly and ensure it is completely dry before storing with the lid slightly open.
- **Drainplug Leakage:** Ensure the drainplug is securely closed and the gasket is intact. Replace if damaged.
