Selfie Stick and Frisbee

The selfie stick accessory can be held by the girl mini-figure to simulate taking photos. The yellow frisbee can be used for interactive play between the girl and the dog mini-figures.

Maintenance

Cleaning

To clean the building blocks, wipe them gently with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and air drying thoroughly. Do not use harsh chemicals or abrasive cleaners.

Storage

Store the building blocks in a clean, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping. Keeping them in their original box or a dedicated storage container is recommended to prevent loss of small pieces.

Troubleshooting

Missing or Damaged Pieces

If you find any missing or damaged pieces upon opening the package, please contact Sluban customer support with your product model number (M38-B0523) and a description of the issue.

Difficulty Assembling

Refer to the detailed diagrams in the physical instruction manual. Ensure you are using the correct pieces for each step. Sometimes, applying gentle, firm pressure is needed to connect blocks securely. If a piece does not fit, double-check that it is the correct piece for that step.
