Philips Audio T1WT

Philips Fidelio T1 True Wireless Headphones User Manual

Model: T1WT

1. INTRODUCTION

The Philips Fidelio T1 True Wireless Headphones are designed to deliver high-fidelity audio with advanced Active Noise Canceling Pro+ technology. These headphones feature dynamic drivers for rich sound and multiple microphones for clear communication. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Fidelio T1 headphones.

2. PACKAGE CONTENTS

Before you begin, please ensure all items are present in the package:

- Philips Fidelio T1 True Wireless Headphones (Left and Right earbuds)
- Wireless Charging Case
- 3 pairs of Comply foam ear-tip covers (Sizes S/M/L)
- 6 pairs of silicone ear-tips (Various sizes)
- USB-C Charging Cable
- User Manual (This document)

3. SETUP AND FIRST USE

3.1 Charging the Headphones and Case

For optimal performance, fully charge the headphones and charging case before first use.

1. Place the earbuds into the charging case.
2. Connect the USB-C charging cable to the charging case and a power source.
3. The charging indicators on the case will show charging status. A full charge takes approximately 2 hours.

The earbuds provide up to 13 hours of playback, and the charging case offers an additional 35 hours, totaling up to 48 hours of listening time (with ANC off).

3.2 Selecting and Fitting Ear Tips

Proper ear tip selection and fit are crucial for sound quality, noise cancellation, and comfort.

- Experiment with the included Comply foam ear-tip covers and silicone ear-tips of different sizes.
- Choose the size that creates a snug seal in your ear canal. A good seal enhances bass response and noise isolation.
- Gently insert the earbuds into your ears and twist slightly to secure them.

3.3 Pairing with a Device

The Fidelio T1 headphones support Bluetooth multipoint connection, allowing simultaneous connection to two devices.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, laptop, tablet), enable Bluetooth and search for "Philips Fidelio T1".
3. Select the headphones to pair.

4. For Android devices, Google Fast Pair allows for quick pairing with a single tap.

4. OPERATING THE HEADPHONES

4.1 Touch Controls

The Fidelio T1 headphones feature intuitive touch controls on each earbud for managing playback, calls, and noise control settings.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud.

- **Activate Voice Assistant:** Triple tap on either earbud.

4.2 Active Noise Canceling Pro+ and Awareness Mode

The headphones feature advanced noise cancellation and an awareness mode for environmental awareness.

- **Active Noise Canceling Pro+:** Blocks out ambient noise for an immersive listening experience.
- **Awareness Mode:** Allows you to hear your surroundings without removing the earbuds.
- Switch between modes using the touch controls or the Philips Headphones App.

4.3 Call Management

Multiple built-in microphones ensure clear call quality, even in noisy environments.

- Wind noise reduction is automatically applied during calls when detected, or can be activated via the app.

4.4 Philips Headphones App

Enhance your listening experience by customizing settings through the Philips Headphones App.

- Adjust the level of noise cancellation.
- Activate wind-noise cancellation.
- Fine-tune frequency response with the equalizer to suit your personal preferences.

4.5 Water Resistance (IPX4)

The Fidelio T1 headphones are IPX4-rated, making them resistant to splashes and sweat.

- They are suitable for use during workouts or in light rain.
- Do not submerge the headphones in water.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Philips Fidelio T1 headphones, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals.
- **Ear Tips:** Remove ear tips periodically and clean them with a damp cloth. Ensure they are completely dry before reattaching.
- **Charging Ports:** Keep the USB-C charging port on the case free from dust and debris.
- **Storage:** Store the headphones in their charging case when not in use to protect them and keep them charged.
- **Battery Care:** Avoid exposing the headphones and case to extreme temperatures. Do not allow the battery to fully deplete for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your Philips Fidelio T1 headphones, refer to the following common solutions:

6.1 No Sound or Poor Sound Quality

- **Check Ear Tip Fit:** Ensure you are using the correct size ear tips and that they form a tight seal in your ear canal. Improper fit can significantly affect sound quality and bass response.
- **Volume Level:** Verify that the volume on both your headphones and connected device is turned up.
- **Earbud Placement:** Ensure earbuds are correctly seated in your ears.
- **Clean Earbuds:** Check for any debris blocking the earbud nozzles.

6.2 Pairing Issues or Disconnections

- **Bluetooth Range:** Ensure your headphones are within 10 meters (33 feet) of your connected device.
- **Re-pair:** Delete "Philips Fidelio T1" from your device's Bluetooth list and attempt to pair again.
- **Interference:** Move away from other wireless devices that might cause interference.
- **Charge Level:** Ensure both earbuds and the charging case have sufficient battery charge. Low battery can cause connection instability.

6.3 Active Noise Cancellation Not Working Effectively

- **Ear Tip Seal:** A proper ear tip seal is critical for effective noise cancellation. Adjust ear tips for a better fit.
- **ANC Mode:** Ensure Active Noise Canceling Pro+ is activated via touch controls or the Philips Headphones App.

6.4 Earbuds Not Charging

- **Placement:** Ensure earbuds are correctly seated in the charging case.
- **Cable/Power Source:** Check the USB-C cable and power adapter for damage and ensure they are properly connected.
- **Clean Contacts:** Clean the charging contacts on both the earbuds and inside the case with a dry cotton swab.

6.5 Factory Reset

If issues persist, a factory reset may resolve them. Refer to the Philips Headphones App or Philips support website for specific instructions on performing a factory reset for your model.

7. SPECIFICATIONS

Feature	Detail
Model Number	T1WT
Brand	Philips Audio
Connectivity	Bluetooth 5.2, Wireless
