Keter Detroit XL Low Storage Cabinet

USER MANUAL

1. Introduction

Thank you for choosing the Keter Detroit XL Low Storage Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage unit. Please read these instructions carefully before beginning assembly and retain them for future reference.

The Keter Detroit XL Low Storage Unit is designed to provide a robust and organized storage solution for your home, garage, or shed. Its durable polypropylene construction ensures longevity, and the lockable doors offer enhanced security for your belongings.

2. Safety Information

- **Read All Instructions:** Before assembly and use, carefully read and understand all instructions.
- **Assembly:** Assembly should be performed by at least two adults. Ensure all parts are present and undamaged before starting.
- **Stability:** For optimal firmness and to prevent the cabinet from tipping over, it is strongly recommended to fix the cabinet to a wall using appropriate fasteners (not included).
- **Weight Capacity:** Each adjustable shelf has a maximum load capacity of 25 kg (55 lbs). Do not exceed this weight limit per shelf. Distribute weight evenly.
- **Placement:** Place the cabinet on a flat, level, and stable surface. Avoid placing it in direct, prolonged sunlight as this may affect the material over time.
- **Locking Mechanism:** The cabinet is designed to be lockable (lock not included). Use a suitable padlock for added security.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb on or play inside the cabinet.
- **Ventilation:** Ensure adequate ventilation if storing items that may emit fumes.

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact Keter customer service for assistance.

- Cabinet Panels (sides, top, bottom, back)
- Cabinet Doors (2)

- Adjustable Shelves (2)
- Handles (2)
- Assembly Hardware (screws, pins, connectors, etc.)
- Assembly Instructions Manual

4. Setup and Assembly

Assembly of the Keter Detroit XL Low Storage Cabinet requires basic tools and approximately 30-60 minutes. Follow the steps outlined in the included assembly instructions carefully. It is recommended to assemble the unit on a soft, clean surface to prevent scratching.

Assembly Steps Overview:

1. **Prepare the Area:** Clear a spacious, level area for assembly. Unpack all components and verify against the parts list.
2. **Assemble Base and Sides:** Connect the bottom panel to the side panels according to the diagrams in the separate assembly instructions.
3. **Install Back Panels:** Secure the polypropylene back panels into the grooves of the side and bottom panels.
4. **Attach Top Panel:** Secure the top panel to the assembled structure.
5. **Install Shelves:** Insert the adjustable shelves at your desired height. The shelves can be repositioned later as needed.
6. **Attach Doors and Handles:** Mount the cabinet doors to the main frame using the provided hinges. Attach the handles to the doors.
7. **Secure to Wall (Recommended):** For maximum stability and safety, especially if storing heavy items or in areas with children, secure the cabinet to a wall using appropriate wall anchors and screws (not supplied). Locate wall studs if possible.

5. Operation and Usage

- **Loading the Cabinet:** Place heavier items on the bottom shelf to improve stability. Distribute weight evenly across shelves. Do not exceed the 25 kg (55 lbs) weight limit per shelf.
- **Adjusting Shelves:** The shelves are height adjustable. To reposition a shelf, carefully remove all items, lift the shelf, and reinsert it into the desired slots on the side panels.
- **Locking Mechanism:** The cabinet features a provision for a padlock (not included) to secure the doors. Align the holes on the doors and insert a padlock for security.
- **Door Operation:** Ensure doors open and close smoothly. Do not force them if they stick; check for obstructions or alignment issues.

6. Maintenance

- **Cleaning:** Clean the cabinet regularly with a soft cloth and mild soap and water. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the polypropylene material.
- **Inspection:** Periodically inspect the cabinet for any signs of wear, damage, or loose connections. Ensure the wall mounting (if used) remains secure.

- **Environmental Conditions:** While durable, extreme temperatures or prolonged exposure to direct sunlight may affect the material over time. Store in a shaded or protected area if possible.

7. Troubleshooting

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Not on a level surface; not secured to wall; loose connections.	Ensure cabinet is on a flat, level surface. Securely attach to a wall. Check all assembly connections and tighten if necessary.
Doors do not close properly.	Misaligned hinges; obstruction; cabinet not level.	Check hinge alignment and adjust if possible. Remove any obstructions. Ensure the cabinet is level.
Shelves sag or bow.	Exceeding weight capacity.	Reduce the weight on the shelf. Distribute items more evenly. Ensure weight does not exceed 25 kg per shelf.

8. Specifications

Feature	Detail
Brand	Keter
Model Number	249803
Product Dimensions (L x W x H)	89 x 54 x 93 cm (35.04 x 21.26 x 36.61 inches)
Item Weight	12 kg (26.4 lbs)
Color	Black
Material	Polypropylene (PP)
Number of Shelves	2 (Adjustable)
Shelf Load Capacity	25 kg (55 lbs) per shelf
Special Features	Lockable (lock not included), TUVsud GS certified
Assembly Required	Yes
