Zinyeme Pro300

Zinyeme Smart Scent Air Machine Pro300 User Manual

Professional Cold-Air Diffusion Technology for Home, Business, and Office

1. Important Safety Information

Please read all instructions carefully before using the Zinyeme Smart Scent Air Machine Pro300. Retain this manual for future reference.

- Avoid direct skin contact with undiluted essential oils.
- Keep out of reach of children and pets.
- Ensure proper ventilation during use.
- Use only essential oils specifically designed for cold-air diffusion systems.
- Do not immerse the device in water or any other liquid.
- Unplug the device before cleaning or refilling.

2. Product Overview

The Zinyeme Smart Scent Air Machine Pro300 utilizes advanced cold-air diffusion technology to transform essential oils into a fine, dry mist. This waterless system provides consistent and healthy aroma coverage for large areas without residue or noise.

Key Features:

- **Cold-Air Diffusion Technology:** Breaks down essential oils into dry mist nanoparticles for consistent aroma.
- **Smart Control:** Manage settings via Wi-Fi and Bluetooth using the "Aroma-Link" smartphone app.
- **Large Capacity & Coverage:** 300ml oil capacity, covering up to 2,000 square feet.
- **Waterless Operation:** No water needed, eliminating mess and daily maintenance.
- **HVAC Compatible:** Can be integrated with HVAC systems for wider distribution.
- **Quiet Operation:** Designed for minimal noise during use.

Package Contents:

- Zinyeme Smart Scent Air Machine Pro300

- Power Adapter
- Essential Oil Bottle (300ml capacity)
- Key for bottle access
- User Manual

3. Setup Instructions

3.1 Unpacking

Carefully remove all components from the packaging. Inspect the device for any signs of damage. Place the diffuser on a stable, flat surface.

3.2 Filling the Essential Oil Bottle

Follow these steps to fill the essential oil bottle:

1. Use the provided key to unlock the top cover of the diffuser.
2. Carefully remove the essential oil bottle assembly from the device.
3. Unscrew the empty essential oil bottle from the diffusion head.
4. Fill the bottle with your desired waterless essential oil. Do not overfill.
5. Screw the filled bottle back onto the diffusion head securely.
6. Insert the assembly back into the diffuser and lock the top cover with the key.

Video: Demonstrates how to unlock, remove, fill, and reinsert the essential oil bottle into the Zinyeme Smart Scent Air Machine.

3.3 Power Connection

Connect the power adapter to the DC input port on the side of the diffuser, then plug the adapter into a standard electrical outlet. The device display will illuminate.

4. Operating Instructions

4.1 App Installation and Bluetooth Connection

To control your diffuser via smartphone, download the "Aroma-Link" app from your device's app store (Apple App Store or Google Play Store).

1. Download and open the "Aroma-Link" app on your smartphone.
2. Ensure Bluetooth is enabled on your smartphone.
3. In the app, select the Bluetooth connection option. The app will search for available devices.
4. Select "Smart AS WiFi" from the device list.
5. When prompted, enter the default Bluetooth password: **1234**.
6. Confirm the password to establish the connection.

4.2 Basic Operation (via App)

Once connected, you can control the diffuser through the Aroma-Link app:

- **Power On/Off:** Use the dedicated button in the app to turn the diffuser on or off.
- **Set Working Period:** Adjust the start and end times for diffusion.
- **Adjust Work/Pause Time:** Set the duration for which the diffuser sprays scent (Work) and pauses (Pause). This controls scent intensity.
- **Booster Fan:** Activate the booster fan to increase scent distribution speed.
- **Schedule:** Program specific working days and times for automated operation.

4.3 Manual Operation (via Device Buttons)

The device also features physical buttons for basic control:

- **Power On/Off:** Long press the **ENT** button for a few seconds to power the device on or off.
- **System Reset:** To reset the system to factory mode, long press the**BACK** and **ENT** buttons simultaneously for a

few seconds. The machine will beep and ask "System Reset?". Use the arrow buttons to select "Yes" and confirm with **ENT**.

4.4 Coverage and Usage

The Zinyeme Pro300 is designed for extensive coverage:

- **Coverage Area:** Up to 2,000 square feet, depending on room height and volume.
- **Oil Capacity:** The 300ml oil capacity can last up to 30 days at the highest diffusion setting.
- **HVAC Integration:** The diffuser is compatible with HVAC systems for broader scent distribution throughout a property.

5. Maintenance

5.1 Cleaning

The Zinyeme Pro300 is a waterless diffuser, which significantly reduces cleaning requirements. No water or daily maintenance is needed. For optimal performance, ensure the diffusion nozzle remains clear of any obstructions.

5.2 Oil Refill

When the essential oil level is low, follow the instructions in Section 3.2 to refill the bottle. Regular refilling ensures continuous aroma diffusion.

6. Troubleshooting

If you encounter any issues with your Zinyeme Smart Scent Air Machine Pro300, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Device not turning on	No power, loose connection	Ensure power adapter is securely plugged into the device and a working outlet.
No scent diffusion	Empty oil bottle, clogged nozzle, incorrect settings	Check essential oil level and refill if necessary. Ensure the nozzle is clear. Verify work/pause settings in the app or on the device.
App connection issues	Incorrect password, Bluetooth/Wi-Fi off, device not discoverable	Confirm the default password is **1234**. Ensure Bluetooth/Wi-Fi is active on your phone. Try resetting the device (Section 4.3) and re-pairing.
Weak scent output	Low work time, high pause time, large room size	Increase the 'Work' duration and/or decrease the 'Pause' duration in the app settings. Consider activating the booster fan.

7. Product Specifications

- **Brand:** Zinyeme
- **Model Name:** Pro300
- **Color:** Black
- **Material:** Polypropylene (PP)
- **Power Source:** Corded Electric
- **Wattage:** 12 watts
- **Capacity:** 300 Milliliters
- **Coverage Area:** Up to 2000 Square Feet
- **Product Dimensions:** 8.1"L x 3.2"W x 6.7"H
- **Item Weight:** 2.77 pounds
- **Special Features:** No water needed, HVAC compatible, Smart Bluetooth control, Aromatherapy oil diffuser.
- **Auto Shutoff:** Yes

8. Warranty and Support

The Zinyeme Smart Scent Air Machine Pro300 comes with a manufacturer's warranty. For specific warranty details, please refer to the warranty card included in your product packaging or contact Zinyeme customer support.

If you require further assistance, technical support, or have questions not covered in this manual, please contact Zinyeme customer service through the contact information provided on the product packaging or the official Zinyeme

website.
