

LINTRO A603

LINTRO Waterless Portable Essential Oil Diffuser

Model: A603

INTRODUCTION

Thank you for choosing the LINTRO Waterless Portable Essential Oil Diffuser. This device is designed to provide pure, undiluted aromatherapy directly from essential oil bottles, offering a convenient and portable solution for various environments. Please read this manual thoroughly before use to ensure proper operation and maintenance.

SAFETY INFORMATION

- Keep the diffuser out of reach of children and pets.
- Use only 100% pure essential oils. Do not use diluted oils or synthetic fragrances, as they may damage the device.
- Do not immerse the diffuser in water or any other liquid.
- Ensure the diffuser is placed on a stable, flat surface.
- Do not block the mist outlet during operation.
- Unplug the device before cleaning or when not in use for extended periods.
- The device features a 3-hour automatic shut-off for safety. Do not override this feature.
- If the device emits unusual odors, smoke, or makes abnormal noises, discontinue use immediately and contact support.

PACKAGE CONTENTS

- LINTRO Waterless Portable Essential Oil Diffuser (Model A603)
- USB Type-C Charging Cable
- Empty Essential Oil Bottles (2 units, typically 15ml capacity)
- User Manual

PRODUCT OVERVIEW

The LINTRO diffuser is a compact, rechargeable device designed for convenient aromatherapy. It features a control button, LED indicator lights, and a port for essential oil bottles.

Image 1: Front view of the LINTRO Waterless Portable Essential Oil Diffuser, showing the power button and indicator lights.

Image 2: The LINTRO diffuser alongside an essential oil bottle, demonstrating how the bottle attaches to the device.

Image 3: Close-up view of the diffuser head with the oil pipe, which draws essential oil from the bottle.

SETUP

1. **Charge the Diffuser:** Before first use, fully charge the diffuser using the provided USB Type-C cable. Connect the cable to the charging port on the device and a suitable USB power source. The indicator lights will show charging status and turn off or change color when fully charged (typically 6 hours for the first charge).
2. **Prepare Essential Oil Bottle:** Remove the dropper or flow restrictor from your essential oil bottle (10ml, 15ml, or 20ml). If using a new bottle, ensure the cap is removed.
3. **Attach Essential Oil Bottle:** Carefully screw your essential oil bottle directly onto the diffuser head. Ensure it is securely fastened to prevent leaks.
4. **Placement:** Place the diffuser on a flat, stable surface in your desired location (car, office, home, bedroom, spa).

- Power On/Off:** Press and hold the power button for approximately 2 seconds to turn the diffuser on or off.
- Select Mist Mode:** Once powered on, short press the power button to cycle through the three mist modes. Each press will change the mode, indicated by the LED lights:
 - Mode 1 (Lowest Light):** 5 seconds mist, 150 seconds pause. (Gentle diffusion)
 - Mode 2 (Middle Light):** 10 seconds mist, 120 seconds pause. (Moderate diffusion)
 - Mode 3 (Uppermost Light):** 10 seconds mist, 60 seconds pause. (Strongest diffusion)
- LED Lights:** The diffuser features 9 adjustable LED light colors. To change or turn off the LED lights, press the dedicated light button (if available, otherwise it might be integrated with the power button or automatic).
- Automatic Shut-Off:** The diffuser is equipped with a 3-hour automatic shut-off safety feature. After 3 hours of continuous operation, the device will power off automatically. To resume diffusion, simply press the power button again.

MAINTENANCE

- Regular Cleaning:** To maintain optimal performance and prevent oil residue buildup, clean the diffuser head and oil pipe regularly.
- Cleaning the Oil Pipe:** Unscrew the essential oil bottle. Carefully remove the diffuser head. Detach the oil pipe from the diffuser head. Clean the oil pipe by soaking it in rubbing alcohol for a few minutes, then rinse thoroughly with warm water. Ensure it is completely dry before reassembling.
- Exterior Cleaning:** Wipe the exterior of the diffuser with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Storage:** When not in use for an extended period, ensure the diffuser is clean and dry. Store it in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist is being produced.	Oil pipe is clogged or essential oil bottle is empty.	Clean the oil pipe as per maintenance instructions. Replace or refill the essential oil bottle.
Device not turning on.	Battery is depleted.	Charge the diffuser using the USB Type-C cable.
Weak or inconsistent mist.	Oil pipe or nozzle is partially clogged; low battery.	Clean the oil pipe and nozzle. Ensure the device is fully charged.
Diffuser is noisy during operation.	Normal operating sound of the nebulizing pump.	The LINTRO diffuser is designed with noise reduction technology ($\leq 35\text{dB}$), but some operational sound is normal for nebulizing diffusers. Ensure it's on a stable surface.

Problem	Possible Cause	Solution
Oil leaking from the diffuser head.	Essential oil bottle not securely attached or diffuser head/seal damaged.	Ensure the essential oil bottle is tightly screwed onto the diffuser head. Inspect the diffuser head and seals for any visible damage.
